Six Thousand Dollars Added To Chest Fund

Total Is Raised To $16,856 As General Drive Gets Under Way

HON. FRED T. FRUIT IS GUEST SPEAKER

School Teachers Again Feature Contributions As Four Schools Report

An additional six thousand dollars was added to the Community Chest total today as the general campaign got under way in earnest, bringing the grand total with the Advanced Gifts to $16,856.

Tomorrow's report should be larger as most of the workers just received their list of prospects Monday, and more work will undoubtedly be done on the annual task today, than was done yesterday.

One of the features of today's report was the announcement of the gifts from the teachers of the Arthur McGill, Highland, Croton avenue, and North street school teachers. The teachers in the four schools added $646 to the fund.

Fruit Is Speaker

Hon. Fred T. Fruit of Sharon, who was general chairman of the Community Chest campaign which recently closed there with a successful record, was the speaker of the day, and gave an inspiring talk.

Sam Lewis led in the pep singing, "Red" Williams having fulfilled that duty yesterday.

The report by divisions today, was as follows:

Previously reported	$10,447.00
Almira Home	805.00
American Red Cross	767.00
Associated Charities	861.00
Boy Scouts	674.00

PA NEWC OBSERVES

The results of the rains over the week end in the Pymatuning area are just beginning to be felt here today, with a rapid rise in the Shenango. The sream jumped a half a foot since nine o'clock Monday morning, it was observed today.

Pa Newc would have imagined that it was a little bit colder this morning than yesterday, but the official thermometer recorded it at the same figure, 30 degrees.

Pe Newc learns that a certain East Side pharmacist, who is also quite a golfer, has trained himself a golf hound, after spending a couple of weeks at Mount Summit, where he lost around a hundred balls this summer. The golf hound is built something like a retriever, and when Scott knocks one into the rough, he merely tees up another ball, in the meantime ordering the golf hound to "go and fetch." He claims that he is going to have the idea patented.

Soon lovers of basketball will fill the gym of the Y. M. C. A. to cheer their church teams to victory. Today a list of teams that received franchises in the A and B leagues of the church organization are announced.

Officers and men of Troop F hail the latest developments in the plan to bring an armory here, as a sure indication that the project will materialize very shortly. The subject of an armory is uppermost in the minds of the local National Guard members.

All over the entire United States this week is being devoted to raising funds for relief work, in accordance with the wishes of President Hoover.

Explain Annapolis Episode For Hoover

(International News Service)

WASHINGTON, Oct. 20.—Theodore G. Joslin, secretary to President Hoover, today characterized as "an unfortunate and regretable misunderstanding," the episode in Annapolis, Md., Saturday which Mayor Walter E. Quenstedt took as a personal affront.

The mayor had written the president asking for an explanation as to why he and an official welcoming party had been passed by at high rate of speed by the presidential motorcade, which was enroute to the Naval Academy dock to board the battleship Arkansas.

"Neither the president, the secretaries, or his aide, knew anything about any arrangements for the mayor to meet the president at the city line," said Joslin. "Apparently, somehow the secret service man who had been making arrangements for the trip, understood the mayor was to be at the dock.

"When the secret service man, who alone knew of any arrangements, saw the mayor and the party at the city line, he suggested they go down to the dock and meet the president there. It was just an unfortunate misunderstanding, which of course is greatly regretted."

Will Eliminate Delay That Would Have Been Caused By Condemnation

Congressman Swick, Council Body And Owners Have Conference

Owners of property desired for the postoffice site on the Public Square met with Congressman J. Howard Swick, Mayor Gillespie and city councilmen last night in the city building and agreed upon prices for property desired by the government which eliminates necessity for any condemnation proceedings which may have been contemplated.

The owners or agents at the meeting signed, according to Councilman W. T. Burns to dispose of their properties as follows: Wallace property, $73,500. McCormick property, $52,500. Kulkin property, $37,200 Smith property, $8,800.

It was also reported that Congressman Swick had conferred with representatives of the Clark property and that negotiations indicate securing a part of the Clark property. The Clark home is not desired at this time but that part of the property, now occupied by a barber shop is, and the price tentatively agreed upon is said to be approximately $10,000.

According to reports the government was willing to pay $170,000, for the four properties, Wallace, McCormick, Kulkin and Smith. The amount which the owners are reported to have signed to sell for is $172,000. However, Congressman Swick, it is said, will request the government to "strain a point" as

WEST ORANGE, N. J., Oct. 20.—Thomas A. Edison, who was so conservative in his religious belief that he would not go beyond admitting that there is a Supreme Intelligence, will be buried with Methodist Episcopal services.

The funeral will be held at 2:30 tomorrow from Glenmont, the inventor's home on top of the hill in Llewelyn Park. Interment will be in Rosedale cemetery, a beautiful graveyard on the border line between Orange and West Orange. The Rev. Stephen J. Herben, pastor of the Methodist Episcopal church in Maplewood, a little town two miles south of here, will conduct the funeral service.

Ask Day's Work From Men Aided By County Funds

Poor Director's Office Will Provide City With 12 Workmen Daily

A cooperative plan whereby ablebolied men who receive county help during the coming months will contribute one entire day's work to the city every now and then in return for the support they are given, went into effect Monday at County Poor Director M. B. Hogue's office.

Councilman Louis G. Genkinger and County Commissioner C. C. Boyd, in charge of the county's poor department fund, proposed the measure in an effort to reduce expenses now being borne by the city.

Each man, it was explained by County Director Hogue, must do the work or future support will be canceled, or at least postponed until a day's work is donated. For the purpose there will be a special card upon which a foreman on a city job will attest to the amount of service given.

The poor director's office will strive to provide at least 12 helpers a day for the city work.

Business Of Union National Is Moved To First National Bank

Following a conference and an agreement by the directors of the Union National Bank, the Citizens National Bank, and the First National Bank of Lawrence County, the entire business of the Union National Bank was moved today to the banking rooms of the First National Bank of Lawrence County, where it will be conducted in the future.

The Citizens National Bank and the First National Bank of Lawrence County have jointly acquired all the assets and assumed full responsibility for the deposits of the Union National Bank which will be paid to depositors upon demand. There is no question involved as to the financial condition of the Union National Bank, the transfer today being in the nature of a gesture of strength, to guard against any eventualities which might prove embarrassing and to guarantee to every depositor that his money is absolutely safe. That the Citizens and First National have done what they have is merely a further indication of the sound business judgment of New Castle bankers.

LOS ANGELES, Oct. 20.—"I don't see how a woman as slight and weak as Ruth could have crammed those heavy dead bodies into the trunks."

Outwardly calm but betraying inward emotion of his incessant smoking of cigarettes, Dr. William C. Judd, of Phoenix and Los Angeles today apparently accepted police accusations that his missing wife, Winnie Ruth Judd, had committed the double trunk-murder of Agnes Deroi and Hedwig Samuelson.

Questioned at police headquarters following his arrest within a few hours after the grim contents of the two trunks were revealed at the Southern Pacific station, Dr. Judd disclaimed all knowledge of the murders.

Likely Had Accomplice

"Ruth must have had an accomplice if she committed those murders," Dr. Judd said.

"I can't imagine how she, weighing only 100 pounds and ill—she suffers from tuberculosis — could have crammed those bodies into the trunks.

Urge Lights Of Nation Be Darkened For One Minute Wednesday For Edison

(International News Service)

NEW YORK, Oct. 20—A minute of darkness throughout the nation when all lights were to go out and all activity cease, was planned today in Tribute to Thomas A. Edison.

Mayor Walker was expected to issue a proclamation today asking the city to express its sorrow in that fashion at 7 p. m. tomorrow, the day of Edison's funeral.

Acting Governor Wolber of New Jersey was to issue a similar appeal today.

Pleas were sent to President Hoover asking him to call on other states to join in such a mark of respect to Edison.

Many industries, especially those that sprang from Edison's inventive genius, were prepared to still machinery for a minute at the time of the funeral.

SAYS NEW STATION WILL BE STARTED SOON AFTER STATE PERMIT IS GIVEN

"As soon as approval of the Public Service Commission is given to the plan for the new station project of the Pittsburgh and Lake Erie Railroad Company on the main line, construction work will shortly be under way," said O. S. Braden, of the Real Estate Department of the P. & L. E. Railroad Company, who was in the city this morning.

Notice is being served today on the city and county that a hearing will be held before the State Public Service Commission at Pittsburgh, on Wednesday, November 4, at which time the petition of the railroad company for the right to make the change and erect the new station project here, will be up for a hearing.

Construction of the station project can be started soon after approval of the plan has been given by the state commission, and it is expected that this will be the result, Mr. Braden said.

The new station project is one in which the P. & L. E., will jointly complete a station project in the Seventh ward, with the Baltimore and Ohio Company. The two main lines of the railroads run parallel and the station project will be on the order of a union station.

BODIES OF TWO WOMEN ARE SHIPPED IN TRUNKS TO LOS ANGELES, CALIF.

Nationwide Hunt Is On For Mrs. Ruth Judd Of Phoenix, Ariz., As Accused Slayer Of Two Women Friends—Bodies Of Murdered Women Shipped In Trunks—Brother Of Woman Sought Says She Admitted Killings To Him.

(BULLETIN)

By WALLACE X. RAWLES
(International News Service Staff Correspondent)

LOS ANGELES, Oct. 20.—Four days after Mrs. Ruth Judd, 24, pretty blonde wife of Dr. William Judd, Los Angeles and Phoenix physician, assertedly killed Agnes Leroi, 35, a nurse, and her friend, Hedwig Samuelson, 24, a North Dakota school teacher, she continued at liberty today.

Bodies Found In Trunk

Although she was believed to have been the woman who called at the railroad station here late yesterday afternoon for two trunks containing the bodies of Agnes Leroi and Miss Samuelson, Mrs. Judd slipped through a police net.

The most desperate hunt since officers sought William Edward (The Fox) Hickman for the brutal murder of Marion Parker, 12-year-old Los Angeles school girl, was in progress.

Reported on a train from Los Angeles to Phoenix, Mrs. Judd was not on it, officers said, when the train went eastward through Phoenix today.

Brother Says She Admitted Killings

N. J. McKinnell, a brother of Mrs. Judd, was in jail here. He said Mrs. Judd had admitted killing her two former friends because she was "justified."

Mrs. Judd's husband, graduate or Oregon University, and a former resident of Lafayette, Indiana, where he met, courted and married Mrs. Judd, declared he had not heard from his wife since he left her in Phoenix two months ago when he came to Los Angeles to seek a new location.

Dr. Judd said he knew his wife had quarreled recently with Agnes Leroi and Miss Samuelson because they refused to kill a cat that had fits.

All three women, Dr. Judd said, apparently were mentally and physically "all right."

Hope She Gets Away.

Meanwhile Young McKinnell, a student at the University of Southern California, maintained his sister had confessed the brutal double murder, but said: "She's my sister; I hope she gets away."

Agnes Leroi and Mrs. Judd has been nurses the past year at Grunow Memorial hospital in Phoenix, and Miss Samuelson, an invalid, had resided with the Leroi woman.

Suspicion first fastened on Mrs. Judd when H. U. Grimm, a Phoenix baggageman, said he helped Mrs. Judd carry two "lead-like" trunks to the railroad station in Phoenix Sunday afternoon.

"She said they were books—that's what made 'em so heavy," Grimm told officers.

Body Dismembered.

Nurses at Grunow Memorial had believed that Agnes Leroi and Mrs. Judd were on the most friendly terms as they had lived together.

Officers said that Miss Samuelson was shot and killed, and then her face was partially removed by extra gun shots. Her body was dismembered with a breadknife.

Agnes Leroi was killed by three bullets through the forehead.

Their bodies then were placed in

WAS KILLED BY DARING ROBBERS

(International News Service)

MEDINA, O., Oct. 20.—John Tyler Halliday, 92-year old recluse and Civil war veteran, was brutally slain in his little shack in the Chippewa Lake village near here because he refused to reveal to his assailants the hiding place of his meagre life savings, police declared today.

A blood-stained hammer, used in the fatal attack, was found beside the body of the aged man. Neighbors, alarmed because Halliday had not been seen since Saturday, broke into the home which he had occupied alone for a half-century and found the body.

It was said by friends of the man that he had recently deposited money formerly kept in the house in a local bank and had only a small amount of necessary cash in the house. Legends of the aged man's supposedly hoarded wealth led to his death, police said.

has conducted a flourishing, prosperous business, catering to the needs of its clientele and contributing largely to the development of the district in which it is situated.

With the partial closing down of the various manufacturing plants, upon which the residents of the Fifth and Eighth Wards are dependent, business has naturally declined to some extent. This condition actuated the directors of the Union National Bank in taking steps to insure the interests of the depositors so that in spite of any eventuality, they would have the assurance that their deposits were available to them immediately at any time they might wish to draw them.

Laudable Work

The action of the Citizens National Bank and the First National Bank of Lawrence County in taking over the Union National Bank is a laudable one. The work is being done without profit to the banks mentioned and is actuated only by a genuine desire to serve the citizens of this city and county. As a piece of civic endeavor it must be considered as one of the finest actions seen here in a long time.

To recapitulate. The Union National Bank has been absorbed by the Citizens National Bank and the First National Bank of Lawrence County. The business of the Union National is being conducted in the banking rooms of the First National Bank of Lawrence County. Every dollar of deposits in the Union National Bank is protected by the joint resources of these two institutions and any depositor wishing to withdraw his money can do so at any time, without inconvenience.

Messrs. E. B. Hawkins and R. M. George of the Union National Bank staff together with two assistants are taking care of the business of the bank in the new quarters at the First National Bank of Lawrence County.

BODIES OF TWO WOMEN SHIPPED TO LOS ANGELES

trunks which were shipped to Los Angeles, where, dripping with blood, they were discovered by Baggagemen who "thought the trunks contained venison."

Confesses Under Grilling.

LOS ANGELES, Oct. 20.—Breaking down under police grilling, B. J. McKinnell, 22 a university student, today confessed that his sister, Mrs. Ruth Judd, had admitted killing Agnes Leroi and Hedwig Samuelson, and shipping their mangled bodies in trunks from Phoenix, Ariz., to Los Angeles.

"My little sister said she was 'perfectly justified,'" McKinnell sobbed.

McKinnell was unable to explain "why" his sister committed the double murder, and that "why" was the question officers of southern California and Arizona today sought to answer.

Mrs. Judd meanwhile had eluded officers.

Hunt Is Started.

LOS ANGELES, Oct. 20.—Following the discovery here of two trunks containing the grisly remains of two murdered women, officers of two states today launched an intensive search for Mrs. Winifred Ruth Judd, pretty 27-year old wife of a Los Angeles and Phoenix, Ariz., physician.

Mrs. Judd's brother, B. J. McKinnell, 22, a student at the University of Southern California, was under arrest.

Victims Identified.

The dead women, identified as Miss Agnes Ann Leroi, 35, an X-ray technician at Grunow Memorial Clinic, Phoenix, Ariz., and Miss Hedwig Samuelson, 24-year old school teacher, were found in two trunks in the Southern Pacific railroad station last night.

The trunks were shipped here from Phoenix, Sunday.

A baggageman, Andrew V. Anderson, saw blood dripping from the trunks and declined to release them to a woman and young man who presented checks for them. Anderson said he thought the trunks had contained contraband venison. He called police who made the gruesome discovery.

Woman Is Hunted.

Mrs. Judd became the focal point of the investigation when she was identified by police as the young woman who had appeared at the railroad station and sought to claim the two trunks.

Search for Mrs. Judd extended to Yuma, Ariz., when investigation indicated that the woman, after having been refused possession of the trunks on account of the suspicion which she had aroused, was supposed to have purchased a ticket for Yuma.

Mrs. Judd, however, was not on the train when it passed through Yuma en route to Phoenix early today.

Doctor Questioned.

Dr. Judd, who said he had not seen his wife for more than two months, said the first he knew of the murders was when the police notified him. He said he left Mrs. Judd in Phoenix two months ago when he came here to seek a new location.

Mrs. Judd's brother, B. J. McKinnell, a student at the University of Southern California told police that his sister, had asked him to call for the trunks and throw them into the Pacific ocean. He was believed to have been the "22-year old man" who had appeared with Mrs. Judd and presented checks for the trunks at the railroad station.

According to police, McKinnell said when arrested, "I hope she gets away; she's my sister."

Revolver Is Found.

In one of the two murder trunks police found a small caliber revolver, and numerous pictures of Miss Samuelson and Miss Leroi, in addition to letters addressed to them from Juneau, Alaska, and Seattle, Wash.

Police learned that Mrs. Judd, who had been employed as a secretary at the same hospital in Phoenix where Miss Leroi had been employed, recently had quarreled with Miss Leroi and Miss Samuelson.

Phoenix police advised Los Angeles officers that the dismembering of Miss Leroi's body had been effected with a bread knife.

Knew Bodies Were in Trunks

Los Angeles, Cal., Oct. 20.—B. J. McKinnell, 22-year-old University of Southern California student, and key witness in the Phoenix double trunk murder investigation, knew the trunks at the Southern Pacific station contained the bodies of women, it was revealed today by detectives.

En route to police headquarters from Santa Monica, the home of his brother-in-law, Dr. William C. Judd, where he was taken into custody, McKinnell admitted to officers his sister, Mrs. "Winnie" Ruth Judd, had told him the trunks contained bodies.

"When we left the railroad station after the baggageman had refused to allow her to take the trunks," McKinnell said to police, "I turned to Ruth and said, 'Cut out the foolishness, sis—what's in those trunks?'"

"She said 'bodies.' I asked, 'men or women?' She said 'women.' Then when I asked for more details she advised me to be quiet and keep out of it."

Mother Shocked

Darlington, Ind., Oct. 20.—"Oh, no! It couldn't be possible," said Mrs. H. J. McKinnell of Darlington, when informed for the first time today by the International News Service that her daughter, Mrs. Ruth Judd, was sought for the slaying of two women friends whose bodies were found in two trunks at Los Angeles.

Mrs. McKinnell also was unaware of the fact that her son, D. J. McKinnell, was held in jail in Los Angeles after he allegedly admitted his sister confessed that she committed the crime.

The father of the alleged slayer is H. J. McKinnell, 71, superannuated minister of the Free Methodist church. He has occupied several pastorates at Oxford, Ind., and elsewhere, but in recent years had been retired.

When Ruth McKinnell was married to Dr. Judd in Lafayette on April 18, 1924, she gave her residence as Oxford and said that she was a student.

Mrs. McKinnell inquired eagerly into details of the alleged slaying and bore bravely the news that her daughter was involved in the tragedy. She said she had not heard from Mrs. Judd for some time, but was under the impression that she was taking treatment for tuberculosis in a western sanitarium.

Santa Monica, Cal., Oct. 20.—Caroline Lucy Judd, Santa Monica high school teacher and sister-in-law of Winnie Ruth Judd, pretty 28-year-old fugitive sought in connection with the Phoenix trunk murders, expressed doubt that Mrs. Judd had committed the double murder.

EX-CONVICT IN NEW YORK SLAIN IN GUN BATTLE

Jerry Brosnan in Fordham hospital two years ago. Brosnan, assigned to guard a wounded prisoner, was peppered with bullets as he dozed.

The wounded detectives in the hospital today were Edward Willi, James De Ferraro and Guido Pessagno. Pessagno, with five bullet wounds, was in a critical condition.

Two Make Getaways

The two companions of the slain gunmen leaped over the bodies of the dead and wounded and escaped over adjoining roofs despite a cordon of police, armed with machine guns and rifles, thrown around several blocks.

Thousands of excitement-hungry New Yorkers thronged the area to watch the house-to-house search by police squads lugging their submachine guns with them.

In a house near the shooting Bert Miller, 25, a circus salesman, of Irwin, Pa., was found in bed with his clothes on. He was held by police despite his protestations of innocence.

One of the two gunmen to escape was "Fats" McCarthy, a member of the beer gang of Vincent "Babe Face" Coll, under arrest on the charge of having killed one child and wounded four others during a machine gun foray on a crowded street.

Member of Gang

McCarthy thus recorded his second escape from a tight place within a few weeks. He was the only member of the Coll gang to get away when it was recently rounded up in a hotel.

The latest conflict between police and trapped gunmen was reminiscent of the capture of Francis "Two Gun" Crowley last May, in which 100 armed policemen besieged the murderer while a crowd of 10,000 looked on.

It all started when Patrolman John Broderick recognized Battaglia on the street. He followed him to his house and telephoned for assistance. The three detectives sped to the spot and entered the brownstone rooming house. The protestation of the landlady apparently warned the three gunmen on an upper floor.

Gunmen Open Fire

When the three detectives went upstairs to the third floor rear the gang opened fire. Pessagno and Willi were ahead of Deferraro. Patrolman Broderick was assigned to wait downstairs.

The first two detectives, in the line of fire, fell across the threshold of the upstairs room. De Farraro pumped back bullets and the wounded detectives also returned the fire.

The gunman Battaglia dropped. Five bullets had rimmed his heart. His companions got the third detective and jumped over the bodies and up the stairs to the roof. Patrolman Broderick came up from below firing at the fleeing pair. He thinks he may have wounded one or both.

Shakeup Planned In Jap Cabinet; Two Resigning

Military Council May Supplant Minister Of War And Chief Of Staff

By JAMES R. YOUNG
International News Service Staff Correspondent

TOKYO, Oct. 20.—An upset in the Japanese cabinet, involving resignation of War Minister Jiro Minami, was forecast here today as an outgrowth of the Sino-Japanese conflict in Manchuria.

The venacular newspaper Jiji declared Minami and General Hanzo Kanaya, chief of staff of the Japanese army, would retire from the cabinet, probably in December. A military council will be appointed in their stead, the newspaper declared.

METHODIST PASTOR TO BE IN CHARGE OF EDISON'S FUNERAL

(Continued From Page One)

est thinkers of all time, because of the influence of Mrs. Edison, his widow. Mrs. Edison for twenty five years was the president of the Ladies' Guild of the Methodist Episcopal church in Orange and was a moving spirit in the gathering of the funds with which the present edifice was built.

It was through Mrs. Edison that the Rev. Arthur H. Brown, pastor of the Methodist Episcopal church in Orange started yesterday morning a series of three short prayers a day, at 8 in the morning, at noon and at sun-down which will be continued through today. The next service will be those with which the dead wizard is consigned to the dust.

In his prayer at sun-down last night, the Rev. Brown quoted from the book of Ecclesiastics in which Jehovah painted the glory of the Heavens.

Touched With Spirit of Jehovah

"This man," continued the clergyman, looking down at the still form of Edison in his bronze casket, "was also touched with the spirit of Jehovah.

"He stands out from among us for his love of truth, for his patient persistence, for his humility before the great facts of life, for his eagerness to be of benefit to the rest of mankind. In him were all the elements that go to make the man of God.

"His death was a fulfillment of his valuable life. It was as gentle as though he had fallen asleep. Its story was told in the great poem of Alfred Tennyson, his "Crossing the Bar" which begins

"Sunset and evening star—"

And then the clergyman went on and finished the poem.

While he spoke a small group of women stood reverently beside the casket. They were members of the Women's Guild of Mrs. Edison's church. You could feel their sympathy go out to her over the body of her dead husband.

Crowd Outside

Outside the crowd wound slowly to the building which housed the remains of the inventor. Their feet whispered in a susurant shuffle. You could sense the reverence in their slow stride. Ten thousand people passed the bier, came and passed for a second for a last look at him. Went on and out. All creeds. All colors. All ages. The bent and the infirm. The young and eager. Moving slowly past for one last look at him. Edison, the inventor. The man who made the phonograph. And the moving picture. And the incandescent lamp. And arranged things so that radio was made possible. The radio that brings a man's weak voice hurtling and roaring into a room a thousand miles away. One last look at Tom Edison. One last look at a man whose like will not be seen again for a long, long time. Maybe, a thousand years.

All through the day telegrams and cablegrams and wireless messages poured into the home in Llewelyn Park and into the office at the factory. Messages from Pope and from Mussolini and from the French Ambassador at Washington and from thousands of others of the world's great.

Today will be event a greater day. The streams of condoling messages will inundate the house and factory. Henry Ford and Harvey Firestone, the two cronies of Edison will probably arrive in West Orange before nightfall.

President Hoover, it was expected, will arrive tomorrow, some time shortly after noon. He will stay just long enough to atend the services and will then depart for the capital, it was understood.

PHYSICIAN-HUSBAND QUESTIONED BY POLICE

(Continued From Page One)

taking other measures to reduce her weight.

"When I left Phoenix Ruth remained in our old apartment until recently when, after quarrels with the other women she moved to an apartment on Brill street.

"Ruth had a position as secretary at the Lois Grunow Memorial clinic, where Mrs. Leroi was X-ray technician.

"Miss Samuelson was a patient there so, through their work and living in the same duplex house, the three women were thrown into close association constantly.

Quarreled Frequently

"I had several letters from my wife that indicated she was quarreling frequently with the other two women, before she finally moved away from the duplex bungalow.

"She wrote me on one occasion that Mrs. Leroi and Miss Samuelson had taken a couple of men to the place and that there had been drinking.

"That caused one quarrel.

"Another time they quarreled over a cat that had fits and the failure of Mrs. Leroi to have the animal destroyed by police."

Dr. Judd was questioned by police as to the relations between his wife and the other women.

"I studied mental and nervous diseases," he said, "and I know that all three women were wholly normal mentally and physically."

Youth Gives Details

Dr. Judd told police he had his first intimation that something was wrong, from his brother-in-law, B. J. McKinnell, 22-year-old University of Southern California student and brother of Mrs. Judd.

"McKinnell came to my house last night," the 48-year-old physician said, "and said to me, 'I have bad news for you!'

"I asked, 'What's wrong?' and he said, 'Ruth has been in town today and I saw her here.'

"I asked for details and he said: "'She got me to drive her down to the Southern Pacific station and there was a trunk there with blood dripping out of it and there was a bad odor from it.

"'The baggageman wouldn't let her have the trunk and she went away.'

Protests Innocence

"That was about all I could get out of him then as he was very excited.

"I made him take some food and then the policemen came and arrested both of us.

"I don't know anything about the murders and I can't understand why Ruth might have done such a thing."

SURPRISE GATHERING HONORS BIRTHDAY

Miss Laura Blucher, of Park avenue, and Mrs. Ray Foster of Plaingrove entertained at a delightful surprise party in the home of the former on a recent evening, in celebration of the sixty-fifth birthday anniversary of their father, Jerry Blucher.

A large group of guests of the honored one assembled, the oldest present being A. R. Kerr, of North Beaver street, and the one carrying honors for being the youngest to participate was Marjorie Foster, year old granddaughter of Mr. Blucher.

Games were enjoyed as a pastime, also, the singing of old time songs, and radio music helped to fill in the hours. Added attractions included a vocal solo by Ray Foster; a quartette comprising Charles Bright, Vennor Bright, James and William Lewis, who gave a special group of songs; and recitations by Samuel Johnson, Thomas Boston and Jay Lee Cooper closed the program.

Prizes for the evening went to Vennor Bright, John Ulrich, Thomas Boston and Frank Sherger.

At a selected time, the hostesses served a tempting lunch at individual tables perfectly arranged, with the appointments being carried out suggestive of the approaching season. As aides, they had Mrs. Bert Yono, Mrs. Lottie Maitland, Miss Anetta Butler and Miss Bertha Patterson.

BORDEN CLASS PLANS HARVEST HOME DINNER

An interesting event of Friday evening of this week will be the Harvest Home dinner and Hallowe'en party for the members of the Borden Bible class of the First Methodist church, which will be given in the dining room of the church with dinner at 6:30.

The committee making arrangements includes Mr. and Mrs. W. V. Wagner, Mrs. M. R. Bassett, Mr. and Mrs. Vernett E. Dufford, Mrs. E. C. Beahm and Mr. and Mrs. P. M. Pattison.

Announce Marraige.

Mr. and Mrs. Emery Perry McFarland of East Reynolds street announce the marriage of their son, Oren D., to Miss Sara Louise Reynolds, daughter of Mr. and Mrs. Chester Reynolds of Northview avenue. The ceremony was performed at Wellsburg, W. Va., on Friday, October 9, with the Rev. H. L. Wiggins, Presbyterian pastor, officiating.

Mr. and Mrs. McFarland are graduates of the New Castle senior high school, the former having been business manager of the class of 29.

The newlyweds are residing at the home of the bride's parents for the present.

Lotus Kensington

Mrs. R. C. Clarke of 726 Butler avenue will entertain the Lotus Kensington Thursday evening.

O. F. B. MEMBERS HAVE GUESTS MONDAY

A delightful meeting of the O. F. B. Club members was an event of Monday evening when Mrs. David Carr entertained at the home of her mother, Mrs. David Taylor, 316 Northview avenue. A large membership was in attendance, and also, the following guests, Mrs. David Taylor, Mrs. Oliver McCann, Mrs. James T. Bailey and Mrs. A. Campbell.

Following a brief business session, the hours were spent informally with bingo. At the conclusion of the entertainment, Mrs. Homer Brown and Mrs. Oliver McCann were presented the prizes.

Before adjourning, the hostess, assisted by Mrs. Taylor, Mrs. Bailey and Mrs. McCann, served a dainty collation. The table was attractively decorated with tall slender orange tapers, and crepe paper combined with novelties suggestive of the Hallowe'en season. The same idea was further expressed in the menu.

In two weeks, Mrs. Homer Brown of Mulberry street will be club hostess.

Surprise Party

A party that answered a two fold purpose Monday evening was that held at the home of Mr. and Mrs C. G. McAnallen, County Line road, when a group of friends surprised them in their home and helped them celebrate the third anniversary of their marriage as well as the birthday of Mr. McAnallen.

Games, music and dancing filled in the early hours of the evening and Hallowe'en suggestions were used when a delicious lunch was served at a late hour by Mrs. Luella Gerlach, Mrs. Harvetta Black and Mrs. Jennie Shuler.

Mr. and Mrs. McAnallen received many lovely gifts as mementoes of the event.

Those in the group included: Mr. and Mrs. Clarence Shuler and daughter, Opal; Mr. and Mrs. James Black and daughters, Luella, Rebecca and Ida Irene, Mr. and Mrs. H. G. Gerlach, son Burdette, Mrs. Lottie Badger, daughters Luella, Anona; Olive Shuler, Verna Gerlach, Geneva Gerlach, Lillian Crouch, Irene Cupon of Pittsburgh; Edward Irwin of Struthers, Ohio, William Moffett, Alton Gerlach, Albert Gerlach, Charles Flynn, Joseph Frank, Harvey McAnallen, James McAnallen and the honored couple.

M. and M. Club Meets

Members of the M. and M. Club met Monday evening at the home of Katherine Ango, Ray street, with the meeting in the form of a Hallowe'en party.

Many unique costumes were worn by the members, with Lucille Wimer receiving a gift for having the most clever costume, which transformed her into a most charming old-fashioned lady. Miss Betty Wick of Buffalo, N. Y., a former member of the club, was also a guest.

Bridge and 500 were the amusements of the evening and prizes for high scores were awarded Katherine Preston and Dorothy McPhillips.

Grace Kehna and Lucille Wimer assisted the hostess in serving dainty refreshments.

November 16 the members will be received in the home of Jayne Preston, Crawford avenue.

MRS. M. STEINFELD TO GIVE AN ADDRESS

The delegates to the sixth biennial conference of the Pennsylvania Federation of Temple Sisterhoods, held at Altoona, namely, Mrs. Norman Ehrlich, Mrs. M. Feuchtwanger, Mrs. J. F. Perelman, Mrs. David Silverman and Mrs. M. Rizika, will return here today, bringing with them Mrs. Maurice Steinfeld, president of the National Federation of Temple Sisterhoods.

Mrs. Steinfeld will give an address on Wednesday evening at the six o'clock dinner given in the temple in her honor. This dinner will take the place of the luncheon that was previously scheduled.

Kindly phone reservations in to Mrs. Jack Gerson.

Donations for the Jameson Memorial hospital will be collected at this meeting.

CURRENT EVENTS '23 INSPECT POTTERY

A program of unusual interest marked the gathering for members of The Current Events of '23 Monday afternoon when they went on an inspection tour of the Shenango Pottery. Much enjoyment was added, by the two young ladies who directed the affair, and explained in detail to the two groups of women as they proceeded through the building, the art of making the beautiful ware at the local plant.

A short business session was held in the display room which is attractively designed.

They departed agreeing to meet again at the home of Mrs. Elizabeth Patterson, 710 Croton avenue on Monday November 2.

HADASSAH CHAPTER PLANS PROGRAM MEET

Of interest to the members and friends of the New Castle chapter of Hadassah comes the announcement from the president, Mrs. L. F. Kohn that the next meeting of Hadassah, on the evening of Tuesday, October 27, will be a program meeting in the Beth Shalom Center on Boyles avenue.

Rabbi Elias Charry of the Anshe Eneth Temple of Youngstown, Ohio, who is a speaker of note, will give a book review on "The Last Days of Shylock." This meeting is not limited to the members of the chapter, but is open to the friends.

Endeavor Society Meets

Monday evening the members of the Christian Endeavor Society of the Central Presbyterian church met in the church for the regular monthly business meeting with Clayton Hofmeister, the new president, taking charge of the meeting.

Reports were heard from the various committees and the social and entertainment committees were instructed to make arrangement for a Hallowe'en party which will be held in the church on October 29.

Dr. C. B. Wingerd, June Campbell and Mary Spence were named as a "boosters" committee to invite all the young people of the church to the party.

The roll was revised and plans were made for attending the Christian Endeavor rally to be held November 5 at Plaingrove, which will begin with a chicken dinner at 6:30 p. m.

Stitch A Bit Meets

Miss Eva Wimer, Lorain avenue, received the members of the Stitch a Bit club in her home Monday evening for the bi-weekly session.

The home was tastefully decorated with Hallowe'en novelties, autumn leaves and fall flowers and after an evening spent at fancy work and general conversation the hostess served dainty refreshments, with the season's suggestions carried out in the appointments and menu.

Miss Susan Wallace, Adams street, will entertain the members on November 2.

FORTIETH WEDDING ANNIVERSARY FETE

The fortieth year of married life of Mr. and Mrs. Stephen Huffner of 216 Atlantic avenue was celebrated Friday in New York City at the home of a sister of Mrs. Huffner, Mrs. I. Stetz. The Huffners are well known in New Castle.

Surprise Shower.

An enjoyable event of a recent evening was the surprise shower given by Mrs. Paris DiCola and Miss Congetta DiCola honoring their sister Lillian whose marriage to Frank Massocci of Hillsville will take place on October 29.

Games, music, dancing and other diversions filled in the hours, and at a suitable time the hostesses, assisted by Mrs. Joseph Cugini, Mrs. James Lavella, Mrs. Louis Bucci and Mrs. Anthony Peluso, served a tasty lunch. The menu, table and house appointments suggested the Hallowe'en season cleverly.

During the entertainment, prizes were won by Tressa Williams, Delphi Battistoni, Sue Cole, Clara Cugini, Florence Delli, Congetta DiCola and Lawrence Dilli.

The guest of honor was presented with a large collection of lovely and serviceable gifts to be used in her new home.

Birthday Party

Paul Miller of Frank avenue, was honored Monday evening with a birthday dinner in the home of Mr. and Mrs. George Frey, Addis street, when the event of his nineteenth anniversary was celebrated.

A large chocolate cake centered the table and fall flowers were grouped at the ends when a delicious menu was served to Mrs. H. W. Miller, Mr. and Mrs. S. S. Shimp and family, Pearl, George and Lester; Eddie Brown, Mrs. George Frey, Steve, Ralph, Shirl Miles, James Thompson, Freda Kraft and Paul Miller.

The evening hours were spent informally at music and dancing and the young man was remembered with many lovely gifts.

Re-organize Class

Miss Elizabeth Owens Class of the First Baptist church met at her home on Winter avenue Monday evening for the purpose of re-organizing for the fall and winter season. During the business period, election of new officers occurred with the following results; president, Erma Ray; vice-president, Vivian Martin; treasurer, Henrietta Bishop; secretary and press reporter, Irene Perry.

SMALL TOWNS HAVE NEW APPEAL

IT IS a commonplace remark that the small towns have not felt the business depression so much as the large cities. It is not generally realized, though, what a change this is making in public psychology and the drift of population.

Everywhere there seems to be a definite movement of people filtering out of the big industrial communities and into the rural sections. They usually find it easier to get some sort of job in the small town. Living is cheaper there, and somehow there is more work to do. There rent costs less. At least, they can eat. They can have a garden. They can share in the surplus of farm produce. In the open country there is plenty of land for those who want to cultivate it. Thus shrunken communities are beginning to fill up again and vacant farms are finding tenants.

Will they migrate back to the city factories and bright lights when business is humming again? Some of them will; many will not. Industry, too, is spreading out. It may be that the decentralization of our big cities has definitely begun. The country may be entering a new era, combining rural satisfactions with industrial opportunity.

CRIMINALS WHO REPEAT

When Peter asked the Master how many times he should forgive his brother the answer was seventy times seven. Forgive him, yes, but no one will seriously argue that society is not to take sane and sensible steps to protect itself from those so weak or perverse that they constitute a menace.

Early opposition to habitual criminal laws is vanishing. Prison riots have helped to establish these statutes, although the intent of the rioters seems to have been, in some instances at least, to turn public opinion against the imposition of life imprisonment on old offenders. These riots have only served to impress the public with the dangerous character of many hardened criminals.

English law, court procedure and penal systems are habitually held up to the people of the United States as models. Perhaps the reason America has not "learned something" from the British Isles on the problem of recidivism is because that problem still sorely troubles the British. English justice may be swift and sure and England's penal system may be harsh, buf the percentage of repeaters in crime is no less over there than it is here. In fact it is doubtful if the United States can produce a single parallel to the 14 English women who have been convicted more than 150 times. Out of 7,636 women in English prisons at the time of a survey all but 1000 had served one or more prison terms before.

CREDIT—BUT NOT FOR GAMBLING

More credit at this time is a basic need of American business. Any move to provide more flexible credit, in larger volume, is a valuable contribution to business recovery. But there is a danger that has to be guarded against. That is the danger of the new credits being sucked into Wall Street brokers' offices for use in another speculative orgy.

The absorption of national credit for stock speculation during the last boom, draining the life blood from legitimate business and sound property, was one of the principal causes of the general collapse.

It is desirable that securities should rise, to restore values, provide a larger basis of credits and increase general buying power. But it will be very unfortunate if this is accomplished by letting stock gamblers grab money intended for the loosening of frozen bank assets and the relief of merchants, manufacturers and real estate owners.

ONE MAN AGAINST SEVEN

A Washington newspaper correspondent made a shrewd observation the other day when he remarked that the opposition to President Hoover in this country today is greater than it probably will be when the Democratic candidate for president in 1932 has been nominated. Right now Mr. Hoover is running against a whole field of Democratic candidates. He is running against Mr. Baker and Mr. Young and Gov. Ritchie and Al. Smith and Gov. Roosevelt, not to mention Gov. Murray and Jim Reed. After the nomination is made he will be running against only one of them. All the friends of all these candidates are against Hoover now, but it is by no means certain that all of them will be against him when six groups of them have been disappointed by the failure of their friend to be nominated.

JAPAN'S EXPLOITS IN CHINA

To unprejudiced observers it has been clear for weeks that Japan seeks to goad the Chinese government into declaring war because of the aggressive policies of the Japanese in Manchuria. Of course, China, bankrupt, dismembered, faction-ridden and in a military sense pathetically weak, is in no position to make effective defense. In a conflict between the two nations, Japan, after a series of easy victories, probably would annex Manchuria, or, at least, the southern part of that rich province.

Doubtless the League of Nations and the United States government are fully aware of the facts and probabilities of the Manchurian situation. That is why so little of consequence has been done, or even said, in Geneva and Washington concerning the menacing events in the far east. The notes sent to Tokyo have been apologetic and perfunctory.

Apparently the purpose is to mobilize opinion throughout the world against Japan and compel it to renounce or postpone its Manchurian designs. The governments in the league evidently do not care to invite another harsh rebuff. The signatories of the Kellogg pact and the Pacific consultation pact may sigh and groan, but Japan is proficient in formulating excuses and creating incidents which appear to justify its audacious measures, and it cannot well be charged by any neutral government with deliberate mendacity and trickery.

Whether the Japanese cabinet—divided against itself—can be morally coerced into open repudiation of the army, which more than once has forced the cabinet's hand and calmly ignored vague diplomatic protestations of innocence, the near future should know. The peace agencies of the world are being tested by the Manchurian imbroglio, as are the numerous treaties providing for conciliation and arbitration. It is painfully manifest that paper guaranties offer no serious embarrassment to governments determined to take selfish advantage of tempting opportunities to promote actual or supposed national interests.—The Chicago Daily News.

When a Man Loses His Keys What a Fuss He Makes! Until He Finds Them

By MARSHALL MASLIN

A man jumps from his chair like a cork of a bottle and starts rummaging through his pockets with a desperate look in his eyes.

Then he begins to wander around the house. He looks on the mantel He looks inside the clock. He investigates the kitchen. He turns every pocket inside out once more. . . . He starts for the bedroom and runs through his old clothes, scatters everything on the dresser, tumbles up his handkerchiefs and neckties in the top drawer. . . . Looks through his pockets again. What a life! Where can they possibly be?

At last his wife looks up from her book—with that one-third amused, one-third patient, one-third annoyed expression that wives sometimes use—and asks him, "What are you looking for, dear?"

What is he looking for? Well, he's lost his keys again. He admits it sheepishly. He can't remember where he put them, when he used them last, of anything else about them. . . . They're lost, that's what happened to them—and this time they're gone for good.

His wife smiles and continues to read her book. . . . She's been through this before. . . . Her husband continues to tear the house to pieces, until at last, with a savagely resigned look, he sits down again and says, "Oh, well, they'll turn up somewhere!"

But he Can't Stand It—and in five minutes he is at it again, rummaging around the house like a restless cat, into the top drawers, into the clock, into the pockets, all over the place again. Until, finally, he comes in very quietly and takes his chair and doesn't say a word. . . . "Did you find them, dear?" . . . Yes, he found them, all right. . . . "Where were they?" Right where he had left them, so they'd be safe—on the window sill, just inside the front door. . . . And it's no wonder there are times when a woman refuses to take a man seriously.

* * *

How do I know so much about what happens when a man loses his keys? Well, I'm the world's champion key loser and if I'd used all the time I've spent in looking for my keys in doing some serious reading I'd be an authority on Egyptology by now or I could explain just what it means when England goes off the gold standard.

HER KID BROTHER

My sister Em has got a beau
Who calls most every night, an' so
They m'nopolize the parlor.
To have some fun, but not to spy,
I just slipped in, one night, quite sly,
An' crawled beneath the sofa.

I hid there all unknown to them,
An' waited until be an' Em
Had both got nicely settled

Then just as he was askin' her
to become his dear partner fer
life an' trust to his strong right
arm fer protection:

I bumped myself up 'gainst the springs,
Gave three war-whoops to liven things
An' fired an old horse-pistol—
The one I borrowed from Joe Boize,
When fired it makes an awful noise
Like thunder—even louder!

Oh, gosh! My goodness! Oh, dear me!
I wish you had been there to see
The way that feller scooted!
He never stopped to get his hat,
Rushed through the hall, tripped on the mat
An' tumbled down the doorsteps.

An' as for Em, she flopped right down
An' screeched enough to raise the town
'Till Dad came in a runnin',
With only his pajamas on,
An' found that sister's beau had gone
An' left the door wide open.

But Em, in her ridic'lous way
Just screeched an' pointed where I lay
Concealed beneath the sofa.
Then Dad got down upon his knee
An' straightway he discovered me
An' yanked me out a kitin'.

Instead of sendin' me to bed,
He took me out into the shed
An' grabbed that blamed old trunk strap.
He quickly wrapped me 'round his knee,
An' gosh! the way he went for me—
I still feel sore in places.

Pepper Martin, Public Hero Stirs New Interest In Game

St. Louis Star Declared To Have Served Baseball While Winning Applause For His Own Brilliant Work In Series

Commendation of "Pepper" Martin, St. Louis baseball player, for his work in the World Series places him among the great performers in this sport. Many would elect him this year's ace of the diamond. His place in the mythical "hall of fame" seems secure. Chiefly to his credit is the arousing of increased public interest in the games.

"Young Mr. Martin has the well-earned satisfaction of having done nobly by his employers and the fans," declares the NEW YORK SUN, observing that his feats "gave to the 1931 series a dramatic interest it sadly wanted," although he has been "little known to the fame that comes to the fortunate in baseball"; that, "as they might say on the Rialto, until recently he was on the kerosene circuit and suddenly bobbed up on the big time and stopped the show." The SOUTH BEND TRIBUNE thinks that "among world series heroes of this and other years, Martin appears truly gigantic," and the CINCINNATI TIMES- STAR, with praise for "the cometlike playing of the rookie, Martin, through the first five games of the seven," declares that the recognition of such work, "the term, 'money players,' is humorously ungenerous," and concludes: "Something inside of Martin, something dashing and gallant and daring, suddenly lifted him to the heights. Men in such mood get 'the breaks,' for they make them.

"Young Martin not only stole bases to send the world's champions on their weary way, but he has stolen his way into the hearts of all the sports lovers of America," avers the SALT LAKE DESERET NEWS, recalling that "nobody ever heard of the lad until the Cardinals and Athletics went to grips in the annual baseball championship." The GOSHEN NEWS-TIMES feels that "no dime novel hero ever accomplished more unexpected feats," and that "he gave to the series what the fans like to see, some outstanding individual performance."

"The personal service of 'Pepper' Martin in helping toward the victory," says the HARTFORD DAILY TIMES, "raised that modest, cool and resourceful individual to a spectacular fame which was the outstanding feature of the contest. To make the matter more dramatic, this youngster from Oklahoma, who would rather wear a ten-gallon hat than a cap, was scouted by the Athletics and turned down as unlikely material. That, indeed, was an ironic episode."

"For the winter, wherever baseball addicts gather," remarks, the JANESVILLE GAZETTE, "there is plenty to talk about, from Oklahoma, where Pep Martin lives, to the clubs of New York, with sandlot graduates hoping some day to emulate distinguished examples."

"It was a fine series, and was remarkable in that it produced a player who outshone all former World Series heroes," according to the BUFFALO EVENING NEWS, which continues: "'Babe' Ruth and others had performed prodigies and marvels in engagements between the winners of the two pennants: but 'Pepper' Martin threw them all into shadow with his performance. He is eclipse, the rest are nowhere. He was, as the sports writers had it, 'unstoppable.' 'ubiquitous' and 'irrepressible.' He may pass from major league fields next year, but he never will be waived out of the 'Stovepipe' league. There the fame of 'Pepper' Martin will grow with the passing years.'

"Even a casual survey of the great journals of the country," asserts the ST. LOUIS TIMES, "discloses that the editorial analysis and approval given to Mr. Martin ran a close race to Mr. Hoover's rediscount plan. It ran ahead of the Sino-Japanese War, completely overshadowed the visit of Premier Laval and made the English political campaign look like a ward meeting. Newspapers that ponder international affairs with learning and sagacity relaxed to survey the mighty deeds of the Pepper boy. Placed end to end, these enditorials on the achievement of Mr. Martin would probably lead from almost any given point to Oklahoma City. The cost of the white paper used in printing them, the type-setting necessary and other items of overhead would run into figures of impressive size."

Predicting the adoption of Martin's nickname by "thousands of football players, minor pugilists and fancy ice skaters," the BALTIMORE SUN describes the rise to fame of the St. Louis player: "No Red Grange, Bobby Jones or Jack Dempsey has ever set America by the ears as the young St. Louis ballplayer has done in this World Series. Day after day sports writers have talked of him in terms arranged on an ascending scale. And for once they have not exaggerated. When a newspaper headlined its report of the game the other afternoon, 'Martin Beats Athletics, 5-1,' it was entirely right. This Pepper Martin stole the whole show in a manner which even a Ty Cobb and Babe Ruth could never manage."

"Another game was played, just as the 'Pepper' knew," comments the ALLENTOWN MORNING CALL, "and as he feared, he not only went hitless, but did not get a chance to display that daring which up to that time had been the despair of his opponents. His batting average fell, he made no hit. In fact, he did just nothing. The day of the athletic hero is short-lived. There is no idol that so swiftly and completely disintegrates as the athletic idol. The 'Pepper' might just as well have taken full advantage of the adulations. He has been on enough baseball lots to known how crowds act everywhere toward the ball player. As long as he produces, the cheers rise to high heaven. The instant he fails, 'back to the bush leagues' is the cry."

EVENING SMOKE

I saw the blue smoke rising from a little chimney stack,
And I knew somewhere across the fields a man was coming back.
The train that bore me westward kept rushing on its way,
But I fancied I could see him as he closed another day.

Fresh smoke it was, I'm certain, for when a fire is old
The wisps that leave the chimney seem thin and worn and cold.
But blue smoke, hale and hearty, informs the weary man
That mother's in the kitchen and supper's in the pan.

Somewhere beyond the woodland I know he trudged along.
A scythe upon his shoulder and on his lips a song;
His day of labor ended, and like as not, thought I,
He's thinking now of steaming stew, topped off with apple pie.

What curious thoughts and fancies beset the homesick man
Who through a Pullman window the landscape turns to scan.
The smoke at evening tells him a husband's coming home
And supper's waiting for him—but he must westward roam.

BUSINESS IS BUSINESS

When you lie or do some other underhanded thing to help a man out of trouble that man will never have the same degree of confidence in you as a man.

Friends often ask favors of you that they would hesitate doing themselves.

They might tell you that they'd like to do so and so to please you.

But they are frank to say that they could not retain their own self-respect if they complied with your wishes.

It is quite possible that you ask and expect too much of your friends.

To ask your friend to do a wrong or dishonorable thing is going beyond the limits of good friendship.

Friendship is a wonderful thing, but it can be killed when either goes too far and makes unwarranted demands.

Loaning money without good security or free of interest should not be expected, yet you are hurt when treated in a strictly business way in a matter of business by a friend.

Your friend must protect his interests, his family, even against his best friends, when it comes to business, so don't ask too much of friendship.

Two Girls Hit And Injured By Passing Auto

Were Walking At The Side Of The Road When The Accident Occurs

Emma Hido, 25, West Balph avenue, and Anna Machuga, 21, of Aliquippa, were hit, knocked down and injured, last night, as they were walking west along East Washington street between lower and upper gates of Cascade Park, by an automobile enroute in the same direction.

William Wallover, 126 North Mill street and his friend Robert Phillips were enroute in the line of traffic, which was congested, according to the report made by Wallover, owner of the car, and noticed several girls walking along the right hand side of the road.

Suddenly they heard a scream and stopped their car and found the two girls lying along the side of the highway, where they had been knocked when hit by a passing car, which they thought must have been the car ahead of them and did not stop.

They took the girls to the New Castle Hospital, where it was found that their injuries were apparently not serious. The girls were afterwards interviewed by Officers M. J. Young and Samuels and claimed that it was the Wallover car that hit them, the police state.

S. C. Moran of 15 West Leasure avenue, reported that he was enroute north at the filling station at Boyles avenue and Highland avenue, when he backed his machine into another car, the number of which he did not secure, doing some damage to the other machine.

First Christian Innovation Service

Regular Sunday Evening Church Service Will Be Held Wednesday Evening

Dr. G. S. Bennett, pastor of the First Christian church of this city is trying an experiment that has only been tried by one other church in the United states and that is the High Street Christian church of Akron, Ohio, which is holding the Sunday evening church service on Wednesday evening.

This innovation of Dr. Bennett's is creating a great deal of interest in the church, among the congregation, as well as the other churches of the city.

Dr. Bennett will have as his sermon subject "The Book of Luke" and the service will begin at 8 o'clock. There will be special music by the choir and organist.

Want Capone To Start Jail Term Without Delay

(International News Service)

CHICAGO, Oct. 20.—The United States government will ask that Al Capone be sent to the penitentiary immediately pending settlement of his appeal from his income tax evasion conviction, it was revealed today.

The government's determination to send the head man of Chicago's hoodlums to jail will be vigorously opposed by defense counsel when Capone goes before Judge James H. Wilkerson for sentence on Friday. The ensuing legal battle it was apparent today will be one of the most spirited in the entire action against Capone.

Chief C. C. Horner Makes Suggestion

Believes That Much Of The Pre-Hallowe'en Damage Can Be Stopped

Complaints are numerous from housewives in all parts of the city and in particular in the North Hill district regarding the manner in which boys are damaging and smearing up their porches and front doors by using tomatoes, cabbage and other garden products, which they throw on the porches and against the doors.

Chief of Police C. C. Horner today suggested that residents of the city could put a stop to much of this kind of damage and annoyance by cleaning up their gardens and having the tomatoes, which are now frosted and rotting, as well as other garden products, hauled away in their garbage or otherwise.

A Cold

Colds are common because people are careless. Prompt use of aspirin will always check a cold. Or relieve your cold at any stage. And genuine aspirin can't hurt you. Take two tablets of Bayer Aspirin at the first indication of a cold, and that's usually the end of it. If every symptom hasn't disappeared in a few hours, repeat. Bayer Aspirin does not depress the heart. Take enough to give complete relief. And if your throat is sore, dissolve three tablets in water and gargle away all soreness. In every package of genuine Bayer Aspirin are proven directions for colds, headaches, sore throat, neuralgia, neuritis. Millions who used to suffer from these things have found winter comfort in aspirin.

Theatres Packed For Auto Drawing

Just how many people were in the Capitol, Penn and Regent Theatres Monday evening depends upon the capacity of the three, plus every inch of standing room, which probably totals 3500. The magnet for the unusual crowds was a Plymouth automobile given away by the Capitol Theatre arrangement with the Chambers Motor Company. George D. Blair, Jr., a well known business man of this city was the fortunate winner of the car, his number being 21176.

The drawing was made from the stage of the Capitol Theatre, the committee consisting of the following, Harry C. Urmson, F. Paul Butz, Julius Sypher, Frank Hill, T. E. Chambers, R. H. Chambers and Bart Richards. Tickets were drawn from a box of stubs which had been saved and before the winner could be found it was necessary to draw four sets of stubs.

As a courtesy to the many people Monday night, the Capitol Theatre will admit two people for the price of one tonight. Any person holding a stub from last night's drawing will be admitted free tonight if accompanied by a person with a paid admission.

Needlework Guild Making Preparations For Big Ingathering

Many an unfortunate youngster in New Castle had warm stockings and underwear last winter because the Needlework Guild is established in this city. The Guild is not a heavily advertised charitable organization, it holds few meetings or rallies and has no dues, but once a year it conducts an Ingathering of warm clothes which are distributed through the various agencies of this city.

To become a member of the Needlework Guild requires no system of balloting or any sponsorship by a member. All it requires is that the woman desiring to become a member pledge herself to provide not less than two new garments for the Ingathering. It might be two pairs of stockings, it might be two suits of woolen underwear, or two of any garment. There is no fixed minimum however, and usually every members endeavors to put in many more.

Ingathering November 5-6

This year's Ingathering is scheduled for November 5-6 in the Castleton. It is the hope of the officers that the record of 1930, 4398 garments will be far exceeded for the need this year is greater. Every section of the Guild is busy right now preparing for the Ingathering and on the day of distribution. November 7, it is hoped that the total will run over 5000 garments.

There can hardly be too many pairs of stockings, suits of underwear. The call for these articles is constant and heavy. The ladies of the Almira Home require winter nightgowns so that these are appreciated gifts. Bloomers for little girls, caps and shirts for little boys, any article of clothing just so it is new, this is the idea of the Needlework Guild.

100 Percent Charity

There is no overhead to the Needlework Guild. What little money is needed for national dues, the members provide and every garment gathered for the Ingathering, along with any money that might be contributed in lieu of garments, goes to the needy. These garments are distributed through the agencies of the American Red Cross, Almira Home, Associated Charities, Childrens' Aid, City Nurse, City Rescue Mission, Jameson Memorial Hospital, Margaret Henry Home, Mothers Assistance Fund, New Castle Hospital, Rhodes Mission, Salvation Army and St. Vincent de Paul Society.

The garments are pro rated among these agencies and immediately upon the close of the Ingathering they are sent to the agencies mentioned and as long as they last they are distributed where there is need. There is always need for infants' garments, union suits, woolen clothing of all kinds, and the New Castle Chapter hopes to include many new names among its members this year.

The names of the officers and the section presidents are listed below. Any woman who desires to aid in this unusually worthy organization is invited to get in touch with any one of these women and help the cause along.

President, Mrs. William E. Ferver.
Vice Presidents, Mrs. W. D. McCreery, Miss Florence Henderson, Mrs. G. A. Carpenter.
Secretary, Mrs. Bart Richards.
Assistant Secretary, Miss Elizabeth D. Reis.
Treasurer, Mrs. A. C. Hoyt.
Section Presidents: Mrs. A. C. Hoyt, Mrs. J. J. Norris, Mrs. Gordon Klein, Miss Mabel McCandless, Mrs. J. G. Nothdurft, Mrs. J. C. Raney, Mrs. M. H. Henderson, Mrs. W. H. Hanger, Mrs. M. Hundred Women Hear President Of Federation

Business And Professional Women Of New Castle Greet State President

One hundred members of the New Castle Business and Professional Women's club and the junior club heard their Pennsylvania state federation president, Miss Helen Blair of Wellsboro, give an address in the Green Room of the Y. W. C. A. Monday evening.

Miss Blair concluded a very interesting sketch of the advancement of business women with the statement that "scarcely a door is now closed to the prepared women". She also mentioned that "women of the business world are still tied by old prejudices and old traditions" and that these must be overcome.

Last evening's meeting was opened at 6 o'clock with a pep song service led by Miss Nance Pugh. Dinner was served the guests on tables prettily decorated with Hallowe'en colors and fall flowers.

After dinner, announcement was made of a Hallowe'en party to be enjoyed by the club Thursday evening at the Rae Muirhead cottage at Lakewood. Miss Rosena McGurk made the announcement.

Miss Nancy Bechtol told of the district meeting at Punxsutawney Saturday, October 24. The meeting will take place from 4:30 to to 5:30 at the armory instead of at the tearoom previously named. Dinner will be served at 6 o'clock. Mrs. Helen M. Schluraff, national vice president, will be one of the speakers. Miss Bechtol will also have a part on the program, as district chairman. Among the local members who are planning to attend include Misses Geraldine Fry, Lucile Lutton, Helen Hinkson, Nancy Bechtol, Mary Sherger, Dr. Mildred Rogers, Mrs. Ella Wolford and Mrs. Sara Sankey McCune.

Dr. Rogers introduced several guests—Mrs. Bay of the Huntington B. P. W. club and of the Westminster college faculty, Miss Laina Wilchenstine of Grove City, Mrs. Margaret Moore of New Wilmington and Miss Emily Rice of New Castle. The latter two are members of the local club who were welcomed back after an absence last evening.

Mrs. Sara Sankey McCune, president of the local club, who presided during the business meeting, announced the receipt of an invitation from the Grove City club to their birthday dinner at the Methodist church in that city, at the corner of Broad and Pine street, Friday evening. Miss Kneubeul of New York will be the speaker.

Miss Mae Cromie, speaking for the junior club, announced that a treasure hunt would be an event of Wednesday evening of this week. Those taking part will meet at 7:45 and the hunt will end up in an 11 o'clock lunch on the Butler road.

There were nearly 20 members of the junior club present last night.

After the state president's address she was presented with a gift from the club.

Sell Seals For School Relief

Mercer Mothers Club Will Conduct Sale To Provide Lunches

MERCER, Pa. Oct. 20—The Mothers Club has decided to carry on the sale of Christmas seals this year under the chairmanship of Mrs. I. F. Leishei and Mrs. Earl Nickum, the proceeds to be used as before for milk lunches for the undernourished school children. The charity committee of the club has consulted with the school nurse, but will not be active until cold weather brings out the need of warm clothing.

MAN SHOOTS SELF

The condition of William Earl Beitner of Fredonia who shot himself last week remains serious, with no change since his admission to The Mercer Cottage Hospital. The bullet struck him in the center of the forehead.

Expenditures by state highway departments on roads in 1930 amounted to $980,000,000, an increase of 22 per cent over 1929.

Father On Trial For Son's Death

Jury Selected To Try Rev. J. M. Williams At Rochelle, Georgia

AUGUSTA, Ga., Oct. 20—Twelve jurors who will decide whether the Rev. J. M. Williams, Rochelle, Ga., minister shot to death his son Grady Raford Williams, 19, were chosen here Monday within an hour after court convened.

Mrs. Georgia Williams, widow of the slain youth, who came here with her two sisters from Kittery, Me. was present as the trial began.

Young Williams, a sailor on leave visiting his father, was found shot to death on a highway here August 5. Sheriff M. G. Whittle arrested the victim's father after an investigation.

Solicitor General George Haines, in his summary to the jury declared it was the intention of the state to show that the preacher killed his son to collect funds from insurance policies to cover his losses on the cotton market.

PLAN TO DISCUSS WAGE REDUCTION IN COAL FIELDS

(International News Service)

PITTSBURGH, Oct. 20.—Officials of the United Mine Workers and the Pittsburgh Terminal Coal Corporation will meet Thursday for further discussion of the proposed 15 per cent reduction in wages, it was announced today.

No action was taken on the proposed reduction at a meeting held yesterday, union officials reported.

Asks Commission To Examine Son

(International News Service)

PITTSBURGH Oct. 20—Mrs. Mary Ambrose appeared in federal court here Monday afternoon before Judge F. P. Schoonmaker and requested that a sanity commission be appointed to examine her son Arthur Hunt Ambrose, who surrendered a short time after escaping from deputy marshals here enroute to Atlanta penitentiary to a term for violating the Mann act.

Judge Schoonmaker acquiesced and named Drs. Edward Mayer and E. E. Henninger to examine young Ambrose.

The mother said Ambrose had been shot in the head, the bullet lodging at the base of the brain, and that he was not responsible for his actions.

START FOR FLORIDA, LAND IN HOSPITAL

GREENVILLE, Pa., Oct. 20.—Mr. and Mrs. O. H. Muntz each sustained injuries in an automobile mishap at Harmony, Butler county, yesterday.

Each sustained a broken rib and Mrs. Muntz is in the Greenville hospital.

The Muntzes were on their way to Florida and in making the sharp turn at the bridge at Harmony the car turned around and upset, though it did not leave the roadway.

They received first aid at Harmony and an ambulance was sent down from Greenville and Mrs. Muntz taken to the Greenville hospital. Her injury is not considered serious.

Mr. Muntz stated that they expected to make a new start for Florida four weeks from today.

Night dispatching of planes at United Airport, Los Angeles, is done with an ingenious device consisting of two lamps attached to cords long enough to reach the end of any of the five runways. One lamp is green, signaling "take off" and the other red, signaling "wait." Increased night flying activities made some such dispatching device necessary.

The Parent Problem
by GARRY C. MYERS, Ph.D.

Protection For Children Against Diphtheria Is Almost 100 Per Cent

Availing Themselves Of Best Helps Of Medical Science Is Modern Parents' Duty, Says Dr. Myers

By GARRY C. MYERS, PH. D.
Head Division Parental Education, Cleveland College, Western Reserve University.

When I was a child in an isolated rural district, diphtheria was a word which was uttered with great horror. To hear of a child having this disease was to expect to hear soon of his death. In the farmhouse where I spent the summer six children of one family died from diphtheria about 50 years ago. At that time it was the most deadly of all diseases, the terror of parents and the despair of doctors. In New York City, in 1884, the year in which I was born, 60 children out of every 100 contracting the disease died from it.

Antitoxin was discovered in 1892 and its use developed gradually with the next few years. By 1900 the death rate dropped to 15 per 100 cases, and in 1928 it was only 6 per 100. Perhaps those deaths occurred because the disease was not diagnosed early enough and the application of the antitoxin came too late.

Today we can guarantee our children almost 100 per cent against contracting diphtheria, even when exposed to it, thanks to toxin antitoxin and toxoid. Every well-trained doctor knows about it and nearly all intelligent parents have their children immunized against diphtheria at an early age. The ideal time is between six months and one year of age, or later if it is not done then. Practically all community health departments and school doctors offer the immunizing free of charge.

* * *

Schick, an Austrian, discovered that if a very small amount of toxin were injected into the skin, a person susceptible of diphtheria would respond by a reddening of the skin at the place of injection, while one immune against diphtheria would show no inflammation.

By this simple method many are found to be naturally immune and they need no further protection.

Virtually all doctors, public health and public school authorities recommend the following plan for preventing diphtheria:

1. Schick test by the school physician of all school children and active immunization only of those found susceptible.

2. Direct immunization by the family physician of all babies between six months and one year of age.

By such measures diphtheria virtually has been wiped out of whole cities. There are communities where this disease is entirely absent. I can think of no greater blessing to humanity. The moment I knew my children were immune against this terrible disease and for a lifetime, I felt an emotional relief I shall never be able to describe.

* * *

Of course I'm not a physician, but I believe one of our biggest parent problems is to know how to avail ourselves of the best helps which the trained medical profession provides.

Helen McCray of the state department of public instruction, Harrisburg, Pa., has, at the request of the Pennsylvania Congress of Parents and Teachers, prepared a folder, "The Home and the School Working Together for the Health of the Child." It may be had free to anyone anywhere by writing her for it.

Write also to the public health bureau of the United States department of treasury, Washington, D. C., asking for all the free materials for parents; also to the children's bureau, department of labor.

Long Flight Of Hawk Is Traced By Label

Bird Banded In Canada Found Wintering In South America

Bird-banding is widely recognized as a valuable means of studying the life and habits of the birds of this continent. By a co-operative arrangement between the national parks branch of the Canadian department of the interior and the United States Biological Survey records of the birds banded in the two countries are kept and made use of for the better conservation of this valuable resource.

An example of how the movements of birds may be traced by banding was shown in the recovery in South America late last year of a Swainson's hawk (Zutea swainsoni) which had been banded in Western Canada. The Swainson's hawk is very beneficial to agriculture because of the destruction it causes among small mammal pests, such as ground squirrels and gophers, which it consumes in large numbers, says a Canadian Government bulletin in telling of the tracing of the hawk and goes on:

"The recovery of the hawk was reported in December 1930 and it was stated that the bird wore a red celluloid ring with the inscription '50 Canada.' The unusual style of band attracted widespread attention and inquiries through the press and by radio, brought word to the commisssioner of the national parks of Canada that the hawk had been banded by Messrs. Glen and Jack F. Schwerdfager, of Halkirk, Alberta during 1929. The young hawks which they had raised and tamed were banded with poultry bands with the inscription '49 Canada' and '50 Canada.' They disappeared during the fall migration period.

"Official bands used under the international co-operative plan are of aluminum or copper and are inscribed with a serial number and an abbreviation of the legend 'Notify Biological Survey, Washington, D. C.' Full information on the subject of banding birds in Canada will be supplied by the National Parks of Canada, department of the interior, Ottawa."

SELF DEFENSE IS CLAIMED IN KILLING

STRUTHERS, O., Oct. 20.—William Green is held for the grand jury on a charge of first degree murder following the death today of Garfield Clark, 30. Clark was shot last night in his home after he and another man had broken a glass door in Green's home in a scuffle which followed a game of horse shoes. Clark, it is said, refused to pay his share and Green followed him home. He said that Clark pulled a knife and he fired in self-defense.

"Extravagant Economy" Seen As Withholding Return To Prosperity

Resumption Of Normal Spending Would Be An Important Tonic Toward Stimulation Of Trade, Says Former Bank Head

By ROME C. STEPHENSON
Former President, American Banker's Association

During the period of our prosperity there was too much boastful pride in achievement, grasping for power, conceit over success that often enough was brought by nothing more substantial than an inflation of false values.

When we enter another period of prosperity, as we surely will, let us both, as individuals and as a nation do so with a humble spirit, and let us keep it humble, no matter what success attends our efforts. And while the present period of our adversity still lingers, let us approach our task of rehabilitation with that spirit of tolerant confidence in the good intentions of one another that can alone bind a people together in a common cause.

People of the nation have become extravagantly economical. The resumption of normal spending on the part of those who are able to spend would be an important tonic toward the stimulation of trade. The continued hoarding of money by those able to spend only prolongs the adverse economic conditions under which we have existed for the past several years.

Two Injured In Pittsburgh From Explosion Of Gas

One-Story Building Badly Damaged Result Of Explosion of Accumulated Gas

(International News Service)

PITTSBURGH, Oct. 20.—Two persons were injured today when a gas explosion wrecked a one-story building on the Southside.

Norma Cupp, 17, suffered only slight burns when the blast occurred as she lighted a heater soon after entering a store in the building. It was believed the force of the explosion passed above her as she bent over to light the stove.

John Wlodarski, 52, a pedestrian, was severely burned when the flames bellowed onto the sidewalk in front of the stove. He was also thrown to the street by the force of the blast.

Both victims were removed to the St. Francis hospital. Damage was estimated at $1,000 by Fire Chief William H. Davis.

VIEWERS NAMED ON RECENT STREET JOBS

The court has appointed Clarence A. Patterson, Albert Treser and Thomas E. Weide, as viewers on the recently constructed East Brook street sewer.

J. Roy Mercer, W. Leslie Wilson and Joseph Hannon have been appointed as viewers on the Nutt street sewer.

The viewers will meet on the ground on November 5th to apportion the cost of the sewers.

HUSBAND'S SLAYER PLEADS NOT GUILTY

LISBON, O., Oct. 20.—Mrs. Sophia Huckenstein, 42, of East Liverpool, pleaded not guilty today when arraigned before Columbiana county Common Pleas Judge W. F. Lones on a manslaughter indictment in connection with the stabbing of her husband, John Huckenstein, 64, during a domestic quarrel on September 24. Mrs. Huckenstein's bond was placed at $4,000. Her trial probably will be assigned early in November.

WHAT NEW CASTLE SCHOOLS ARE DOING

Under the general caption of "Know Your School Series," a series of bulletins has been prepared by various teachers of the New Castle schools dealing with the activities of the schools.

Each bulletin deals with some particular phase of school life in this city and the entire series can be classed as a full description of the school curriculum here.

Here is one of the series.

THE FLEXIBILITY OF THE PLATOON ORGANIZATION FROM THE STANDPOINT OF CURRICULUM ENRICHMENT

By CLYDE C. GREEN, Superintendent.

In January, 1929, the following questionnaire was sent to all cities of the United States having platoon schools:

I Does the FLEXIBILITY of the platoon type of organization make possible the enrichment of the curriculum?

II In the school system of your city has there been an enrichment of the curriculum as a **direct** result of the FLEXIBILITY of the platoon type of organization?

III In the school system of your city has there been an enrichment of the curriculum as an **indirect** result of the FLEXIBILITY of the platoon type of organization?

IV List the enrichment features indicated in II and III. (An explanation showing how the platoon organization affects each feature would be appreciated).

Conclusions

1. The preponderence of testimony indicates that THERE IS AN ENRICHMENT of the curriculum as a direct result of the platoon organization

2. Possibilities of curriculum enrichment appear to be inherent in the platoon organization regardless of its alleged flexibility.

3. The evidence indicates that curriculum enrichment thus far is most apparent in the fields of health education, music, art, expression, industrial arts, and household arts.

4. Many school officials report an enrichment of the curriculum in the academic subjects and in character training.

5. The auditorium, the library, and especially trained teachers are reported most frequently as the contributing causes of curricular enrichment.

6. There is an evident confusion of thought concerning the platoon school and the departmentalized school.

7. Many cities having research bureaus do not appear to have accumulated data concerning the platoon organization as it affects the curriculum.

8. Activities formerly designated as "extra-curricular" are frankly accepted in many schools as an integral part of the educational program, resulting in an enrichment of the curriculum directly through more serious direction of such activities.

9. The testimony of school officials indicates that a more efficient instructional corps may be found in the platoon organization for the following reasons:

(a) By relieving the teachers of academic subjects from responsibility for the so-called special subjects and activities they have more time to enrich the academic subjects.
(b) The school is enabled to employ teachers with special training for music, art, health, etc.
(c) The organization permits a desirable amount of departmentalization in the upper grades.

10. School officials report that an enrichment of the curriculum results from a more advantageous use of the school plant for the following reasons:

(a) By organizing the school so that certain parts of the plant are set aside for certain definite uses it is possible to have rooms better equipped for the purposes for which they are intended.
(b) The platoon organization makes a place for the library and the auditorium, both of which are integrating and enriching features.

Coroner's Jury At Kane Finds Youth Met Death In Accidental Manner

(International News Service)

KANE, Pa., Oct. 20. — Daniel O'Hara, 15, fatally injured when struck by the bicycle of Robert Peterson, 15, was found to have met his death accidentally, according to the verdict of a coroner's jury on file today.

One of the witnesses before Deputy Coroner Emil Stenger, presiding at the inquest, testified the Peterson boy kicked O'Hara after the bicycle had thrown him to the ground. Four other witnesses denied these allegations.

The O'Hara boy died of peritonitis which developed from internal injuries suffered when struck by the bicycle.

EXECUTIVE BOARD PLANS FOR WORK

Members of the executive board of the Shenango Parent-Teacher Association met Monday evening in the Shenango school for the monthly meeting with Mrs. William Van Eman in the chair.

The association voted to join the state association and today Mrs. Van Eman and Mrs. Lee Whittaker will represent the members at the Beaver conference.

Plans were made for the welfare work of the school this winter and the board discussed many matters of interest to the school.

October 26 the meeting of the Association will be held in the school and will be for all taxpayers of the district so the school directors will know the minds of the people and can intelligently carry on their work. There will be many speakers and an interesting program.

November 16 will mark the date of the next board meeting.

Chicago Underworld Is Raising Fund For Aiding Of Al Capone

Report $50,000 Weekly Being Raised By Capone's Followers To Fight Case

Price Of Alcohol Goes Up As Underworld Hopes To Keep Capone Out Of Prison

By JAMES L. KILGALLEN, International News Service Staff Correspondent

(Copyright, 1931, By International News Service)

CHICAGO, Oct. 20.— With Al Capone facing "a federal rap" possibly seventeen years in prison—the Chicago underworld, of which he is the supreme dictator, is going to the front for him with coin of the realm. A "Capone fund" aggregating $50,000 a week is being raised, it was learned today.

Every speakeasy in Chicago is contributing in this manner to the fund. The Capone syndicate has slapped an extra $2 on the price of every five-gallon can of alcohol sold in the city. Some time ago the price of these five-gallon cans was "pegged" at $30. It has now jumped to $32 a can to every saloonkeeper. The $2 goes to the fund.

$50,000 Weekly

Twenty five thousand five-gallons cans of alcohol are sold weekly in the Chicago metropolitan district. This means an added revenue of "fifty grand" a week which is to be used to help Capone in his fight against imprisonment and to make him as comfortable as it is possible to be in prison in the event he is forced to do a long "stretch."

Capone's conviction is the topic of conversation in every speakeasy, beer flat and roadhouse in Chicago. The unanimous opinion in this lower strata is that "The big fellow" is getting a rough deal. Capone is well liked for he has brought a semblance of harmony out of the chaos in the underworld. It is only within the last year that Capone has become the absolute dictator of Chicago's underworld and violence has dropped to a much lower level. Things are more "business-like," say the speakeasy proprietors.

How long a prison term Capone will get, and who will succeed him as Chicago's underworld king, are subjects that are evoking endless discussion in the speakeasies and among the sporting element of the town. Nobody knows the answer to the first question but, in answering the last question, many persons well-informed on underworld developments say: "Frankie Rio."

Rio Is Smart

Frankie Rio is a close friend of Capone. Rio was with Capone in Philadelphia when the latter was arrested for carrying a gun and forced to serve a year's sentence in a Philadelphia jail in 1929. Rio is described as a "smart man"—almost as good an organizer as Capone.

All other candidates apparently are "out." The status of virtually every underworld leader in Chicago has been reduced since the rise of Capone to the top. Such men as George ("Bugs") Moran, "Tough Tony" Capezio, Johnny Moore, Joe Frisco, Johnny Patton, formerly known as the "Boy Mayor of Burnham," Jack Delaney, George Howlett and Rocco De Grazzio are no longer powerful in the sense that they threaten the rule of Capone.

Capone has reduced all other gang leaders to the status of middlemen. They now buy alcohol, beer and whiskey from the Capone syndicate and retail it to saloonkeepers, speakeasy proprietors and beer flat owners in their respective territories. They pay $37.50 a barrel to Capone or his agents for beer and retail it at $55 a barrel. It may be the price will be raised to $60 a barrel to further augment the "Capone fund" that is now being raised.

Gets Sentence Friday

Capone, meanwhile, is in seclusion at his headquarters in the Lexington Hotel awaiting next Friday when he and his lawyers will appear in Federal Judge James H. Wilkerson's court. On that day Capone's counsel will file motions designed to combat his convictions for income tax fraud. The date of the hearing, originally set for today, was advanced when Defense Attorney Michael Ahern asked more time for preparation.

Should Judge Wilkerson refuse to grant Capone a new trial Friday, the judge has it in his power to refuse an appeal bond and to order him to prison immediatly. In that event Capone's only hope of freedom pending a decision on his appeal would be to ask the circuit court of appeals to grant a bond.

Bankers See Formation Of Credit Corporation Of Immense Benefit

Bankers Are Organized To Carry Out President Hoover's Plan

Directors Of Huge Corporation Issue Statement On Work Planned

(Special To The News)

NEW YORK, Oct. 20.—Since the announcement by President Hoover of a $500,000,000 National Credit Corporation to assist banks temporarily embarrassed because of frozen assets, there has been much discussion by the man in the street as to what this corporation meant, how it would function and what it would accomplish.

The idea of the National Credit Corporation can be likened to a huge reservoir, a money reservoir, from which can be taken money for the use of banks, which are sound but because of the unstable economic situation find themselves in temporary straits. This money will be loaned to such banks, and will be secured by assets which total more than the loan. These loans are available to banks not now members of the Federal Reserve system and the plan therefore becomes an enabling corporation in that it supplements the Federal Reserve system.

Officers Chosen

Only bankers who stand at the pinnacle of the banking ladder in America were chosen by President Hoover to make up the personnel of the corporation. These men have met and elected as the president, Mortimer N. Buckner, of the New York Trust Company as president. George M. Reynolds, chairman of the Continental-Illinois Trust Co., Chicago was named chairman of the Board of Directors. Daniel G. Wing, Chairman of the Board of the First National Bank of Boston and Walter W. Smith, president of the First National Bank of St. Louis were elected vice presidents, and Nelson S. Dearmont, assistant treasurer of the New York Trust Company was named secretary and treasurer. Mr. Dearmont is the only officer who is not a director of the corporation.

Explains Corporation

Following the meeting of the board of the directors of the new National Credit Corporation, the directors issued the following statement which is explanatory of the corporation's work.

Directors of the new National Credit Corporation suggested by President Hoover met Saturday at the Federal Reserve Bank in New York and unanimously adopted a plan of organizatiotn and procedure to provide additional credit facilities for banks throughout the country and thereby enable them to utilize their resources to a greater extent than is now possible in stabilizing financial and economic conditions and better serving their respective communities.

The plan adopted by the directors embodies the thought of the country's leading banking authorities and represents an unusually widespread knowledge of business conditions and experiences in banking affairs. Essentially, the Corporation is intended to supplement the services of the Federal Reserve System by enabling banks when necessary to borrow on sound assets which are not now eligible for loans from Federal Reserve banks.

It is the opinion of the directors of the National Credit Corporation, who represent banking communities in all parts of the country, that the corporation can best serve the purposes for which it has been formed by conducting its affairs on a conservative business basis and in accordance with well-tested principles of banking. To this end, it will be the policy of the corporation to advance its funds in such a way that all loans made will be secured by a pledge of sound assets in excess of the amount of the loans granted.

Reports received by the directors indicate that the plan will have the support of practically the entire banking system of the country. Prior to Saturday's meeting, many of the individual directors have had opportunities to meet and discuss the project with the heads of large and small banks in their respective Federal Reserve Districts and the response has been uniformly favorable.

The directors desire to state that they regard the formation of this corporation and the work it has set out to do as one of the most constructive steps that the banks of the country could undertake in the interest not only of the banks themselves, but of the whole business community. This action is an expression of the faith which the directors and the constituencies which they represent have in the soundness of the country and in the capacity of the country to re-establish itself on its forward course. It was the unanimous opinion of the directors that the National Credit Corporation in its operations will contribute materially to business recovery generally and have a far-reaching effect in chystallizing the confidence of the entire nation.

In many of the Federal Reserve districts the organization of local associations and banks through which the corporation will operate has been perfected and it is expected that the entire machinery will be set up and functioning within the next few days.

The directors unanimously approved the plan of organization approved by the organization committee.

With a view to bringing about, in so far as possible, uniformity of procedure in the practical operation of the plan, the directors also adopted articles of agreement for the local associations of banks to be formed in the respective Federal Reserve Districts; suggested by-laws for these local associations; forms of subscription blanks to the National Credit Corporation gold notes; forms of application blanks for loans to be used by borrowing banks and suggested resolutions for the adoption of local associations covering acceptances of loans and request upon the National Credit Corporation for advances approved by local loan committees.

The directors of the corporation who met in New York are:

District 1—Daniel G. Wing, chairman, First National Bank, Boston.

District 2—Mortimer N. Buckner, chairman, New York Trust Company, New York.

District 3—Livingston E. Jones, president, First National Bank, Philadelphia.

District 4—Arthur E. Zraun, president, Farmers Deposit National Bank, Pittsburgh.

District 5—John M. Miller, Jr., president, First and Merchants National Bank, Richmond.

WATERWAYS PLAN IS ENDORSED BY COUNCIL

BEAVER FALLS, Pa., Oct. 20—Endorsement of the proposed improvement of the Beaver, Mahoning and Shenango rivers was noted by the city council today in a resolution. The members also accepted the invitation to attend a public meeting at Youngstown, O., November 4, when the subject will be discussed. Council also voted to ask Congressman J. Howard Swick to attend the meeting. Mayor Walter C. Hamilton and Commissioner Sam S. Hanauer in moving for the resolution, declared the improvement of the rivers would be of invaluable aid to the Beaver Valley communities.

NOTES OF TROOP "F" 103RD CAVALRY OF NEW CASTLE

A talk on technical problems encountered at the last drill featured the non com meeting at the armory last night. Capt. Bintrim was in charge. A similar meeting, at which Sergt. Seyffert will preside, will be held next Sunday during the drill period.

Two more mounted drills are expected to be held before start of indoor drill at the armory. Foot movements and informations will occupy the attention of guardsmen.

Our troop placed first in drill attendance in the regiment during September. Drills have been attended exceptionally well during the summer.

If there is fair weather Wednesday evening, the civilian riding class will be taken on a long ride by Lieut. Mitchell, who has been in charge of the riders this season.

A large requisition was forwarded to the U. S. Property and Disbursing Officer at Harrisburg this week for clothing. A shipment is expected to arrive here soon.

Best Remedy for Cough Is Easily Mixed at Home

You'll never know how quickly a stubborn cough due to a cold can be conquered, until you try this famous recipe. It is used in millions of homes, because it gives more prompt, positive relief than anything else. It's no trouble at all to mix and costs but a trifle.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup or strained honey to make a full pint. This saves two-thirds of the money usually spent for cough medicine, and gives you a purer, better remedy. It never spoils, and tastes good—children like it.

You can actually feel its penetrating, soothing action on the inflamed throat membranes. It is also absorbed into the blood, where it acts directly on the bronchial tubes. At the same time, it promptly loosens the germ-laden phlegm. This three-fold action explains why it brings such quick relief even in those severe coughs which follow cold epidemics.

Pinex is a highly concentrated compound of Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest medicinal agents for severe coughs and bronchial irritations.

Do not accept a substitute for Pinex. It is guaranteed to give prompt relief or money refunded.

Charity Game May Be Played

Matter Is Discussed At Meeting Of Mayor's Relief Committee

PROGRESS REPORTS HEARD ON MONDAY

"If the rest do it, we can do it" said Dr. C. C. Green, superintendent of the local public school system at the mayor's relief committee last night when asked if it was planned to play a football game for charity here. "I am in favor of the game" the superintendent declared.

The question was put to Green by H. L. Gordon who presided as chairman of the meeting due to the absence of J. K. Love who is in Chicago. Dr. Green told how children are being aided by the school teachers and of emergency situations being taken care of. The work is carried on by the health department and by the school teachers.

Clothing and shoes have been distributed and undernourished children have been provided with wholesome breakfast, he reported.

He told of the distribution of the money derived from last season's football game.

The money was distributed among the public and parochial schools, the latter receiving a share based on enrollment.

Dr. Green said the public scarcely knows the amount of work and attention to aid the needy being done by classroom teachers.

The committee gave Dr. Green a vote of appreciation.

William White told of the Standard Life Insurance Company donating free use of the South Jefferson street building for a distribution point for foods.

J. K. McQuiddy said he had been given 100 bushels of turnips by F. M. Meyers, R. D. 2, Grove City and three tons of cabbage by C. L. Garrison, R. D. 2, Grove City.

McQuiddy said arrangements are under way whereby additional vegetables will be donated by farmers to the committee. He said it is difficult to secure potatoes.

B. S. Kirkman, ensign, Salvation Army, Youngstown, wrote the committee, stating that all clothing and shoes collected here, would be left here.

The committee adjourned to meet next Monday night.

Teacher Course Has Been Started

With a good number enrolled, active interest was shown at the first of the two leadership training schools to be held in Lawrence County opened at the United Presbyterian church at New Wilmington Monday evening with Dr. George W. Wellburn, superintendent of Christian education of the Pennsylvania State Sabbath School Association as instructor, and Rev. J. Ralph Neale as Dean. The course taken up was unit number 6 which is a course of the Teaching work of the local church and the text book that is being used is by Bower, 'Religious Education in the Modern Church."

Tonight, Tuesday October 20th—the New Castle school opens at the First Baptist church with Dr. Wellburn as instructor and Dr. G. S. Bennett, pastor of the First Christian church as dean. The class will start promptly at 7:30 and the course that will be given is "unit No. 2 Principles of Training," using the book by Blanche Carrier "How Shall I Learn to Teach Religion."

AIMEE AID TO POOR $32

BOSTON, Oct. 20.—Boston's poor will get exactly $32.41 from the nine-day revival of Mrs. Aimee Semple McPherson Hutton, Los Angeles evangelist, plus a special collection benefit of $908.90.

When Mrs. Hutton came here Mayor James R. Curley invited her to split with the Public Welfare Department everything she collected above expenses.

The revival attracted 165,000 persons. The receipts were $23,506.56 and expenses $34,441.48, leaving $64.82 to split.

Petty Grafting Severely Scored By Sec. Beamish

"Petty Grafting In This Period Of Depression Is Outrageous," Says Beamish

(International News Service)

HARRISBURG, Oct. 20.—Petty grafting has resulted in the attempt to enforce the fictictious names and foreign corporation registration acts, Richard J. Beamish, Secretary of the Commonwealth, said today. The same has been found true of registration under the new firearms act.

The department has discovered that lawyers who prepare the forms for such registrations are demanding fees of as much as $5.00.

Beamish at the beginning of the administration started the drive to enforce the two registration acts which it is estimated will cost the business people of the state more than a million dollars.

Under the fictictious names act business firms must pay not only $6.00 to the state treasury but also a fee in each county in which a company operates.

The fee for registration of a firearm as defined in the act passed by the last session of the legislature is fifty cents.

"Petty grafting in this period of depression is outrageous," Beamish said today.

Samuel Mather Is Buried Today In Cleveland, Ohio

Lake City Mourns Death Of "Foremost Citizen And Philanthropist"

(International News Service)

CLEVELAND, O., Oct. 20.—Cleveland today paid a last tribute to Samuel Mather, multi-millionaire manufacturer and philanthropist, as hundreds of saddened friends, many of them befriended by his charities, filed past his coffin in trinity cathedral.

Funeral services will be held late this afternoon. Because of the limited capacity of the cathedral, only close friends, relatives and business associates will attend the services.

Acclaiming Mather as "Cleveland's foremost citizen," city council last night adopted with a rising vote the resolution of Mayor John D. Marshall expressing the city's sorrow.

Two Prisoners At Rockview Escape

White Man And Negro Make Getaways From Rockview—Served As Trusties

STATE POLICE AID IN SEARCH

(International News Service)

BELLEFONTE, Pa., Oct. 20—State police and Rockview penitentiary guards today searched through the rugged hills near here for two men who made their escape from the prison within a few hours of each other.

Frank Clarke, of Greene county, serving a one and a half to three year term for transporting stolen goods, escaped from the Penitentiary dairy barn where he was working as a trusty.

Robert Brown, Cambria county Negro who was serving nineteen and one-half to twenty years for second degree murder, slipped from the home of the Rev. C. F. Lauer, penitentiary chaplain, where he was employed as a trusty and disappeared.

Sentences similar to Brown's were reduced to from ten to twenty years at the last session of the general assembly and the fugitive would have been eligible for parole in less than a year.

Local Druggist Supplied With Free Sample Packages Of Two New Vicks Products

Desire of Makers That Every User of Vicks VapoRub Have a Free Trial of New Vicks Nose and Throat Drops and Vicks Medicated Cough Drops.

RESULT OF RESEARCH

New Discovery Makes Possible New Vick Plan Of Home Control Of Colds.

REDUCES "COLDS—TAX"

A quarter century ago Vicks VapoRub introduced the modern and better method of treating colds—externally. Now, Vick Chemists develop a new preparation—Vicks Nose & Throat Drops—based on a new idea in preventing colds. A perfect ally to VapoRub, it makes possible the new Vick Plan for better Control of Colds in the home—and further reduction of the family "Colds-Tax."

Here is the Plan:

1.—Before a Cold Starts.

On exposure to colds or any of the causes that ordinarily lead to colds—(crowded indoor places—stuffy, poorly ventilated rooms—sudden temperature changes—wet and cold)—that slow down the normal functioning of the nose, Nature's marvelous "first line of defense against colds"—use Vicks Drops promptly. Or, if a cold actually threatens—when you feel that first stuffy, sneezy irritation of the nasal passages—a few drops up each nostril, and many annoying colds will be avoided.

2.—When a Cold Strikes.

Use the convenient Vicks Drops during the day—anytime, any place—as often as needed for comfort and relief. At bedtime, rub Vicks VapoRub well over throat and chest and cover with warm flannel. Leave bedclothing loose around the neck so the medicated vapors can be inhaled all night long. This Vick Plan gives you a full 24-hour treatment. (If there is a cough, you will like another new Vick product—Vicks Cough Drops—actually medicated with ingredients of Vicks VapoRub).

Trial Packages Free.

In order that every user of Vicks VapoRub may try the two new Vick products now being introduced, a supply of free trial packages of each has been sent to every druggist in the United States. Go to your druggist today and ask for yours. If, by any chance his supply is exhausted, send us the top of a Vicks VapoRub carton—or coupon from the VapoRub directions folder—and we will mail free samples direct to you, together with a folder on the new Vick Plan for Control of Colds in the home. Address Vick Chemical Co., 1001 Milton St., Greensboro, N. C.

Enthusiasm Is Shown As Chest Campaign Opens

Plans Are Announced And Detailed Instructions Given Workers Monday

BRIEF ADDRESSES ARE MADE BY MANY

Genuine enthusiasm was shown by the various team captains and members, who started out Monday afternoon on the task of raising the 1931 Community Chest Fund, when they assembled in the Y. W. C. A. for their noon luncheon and to receive pledge cards and supplies.

Dr. C. J. Williamson, chairman of the 1931 campaign presided, and introduced Mrs. Grace Phillips Johnson, who welcomed the workers. Mrs. Johnson has been head of the Community Chest for several years, during which time, the Chest has been placed on an efficient basis.

Mrs. Johnson announced that H. G. Horton, Scout Executive had been drafted as campaign manager this year in the absence of A. W. Chilton, managing secretary of the Chamber of Commerce, who is ill. She stated that advance indications pointed to the fact that the Community Chest was going over the top, and asked the loyal support of all workers.

Mayor Speaks

Mayor W. H. Gillespie, was introduced by Dr. Williamson, and told of the plans which are being made by the Mayor's Relief Committee for the winter. He told of the need of great numbers of people who visit his office daily in search of relief, and of how they had to be referred to the county as the city has no relief department.

He stated that he firmly believed that the Community Chest drive would be put across in speedy fashion.

H. G. Horton, campaign manager, told briefly of the plans which had been made and distributed instruction sheets to the workers. At the same time, he announced the speakers for the ensuing two luncheons, Hon Fred T. Fruit of Sharon on Tuesday, and A. T. Benson, Scout Executive of the Allegheny County Council, West, which includes Greater Pittsburgh.

Dr. Williamson then gave a splendid talk, telling the workers they were gold diggers, but gold diggers of the right kind. He stated that the workers were going to find the job a hard one this year, but urged them to measure up to the task which confronts them.

Are Termed Messengers

"Some people," he stated, "you will find, have the means to give, but will not. They attract attention but it is unfavorable attention. The only time they get in the limelight is in an unfavorable manner.

"You are not beggars, but messengers of God. You may be turned down in a good many places, but you are still messengers of God, and should feel that way about it. Some people may plead the excuse that they cannot afford it, but if you go to the football games and moving picture shows, you will find a great many people there. If you can impress them that it is their civic duty to forego just one of these pleasures, you will be surprised at the amount of money which would be received."

At the conclusion of Dr. Williamson's remarks, the pledge cards were distributed, the workers started out on their task of raising the money.

The luncheons served the workers are being paid for out of their own pockets as has been the custom in the past few years, but the price has been reduced this year to tewenty-five cents, and a less elaborate meal served. This is being done by the Y. W. C. A.

Junior Christian Endeavor Rally Is To Be Held Sunday

Will Be Held In The Neshannock Presbyterian Church In New Wilmington

Annual fall rally of the Junior Christian Endeavor Societies of Lawrence county will be held Sunday, October 25, 1931 at 3 p. m. in the Neshannock Presbyterian church in New Wilmington.

Delegations will be present from Bessemer, Enon Valley, Plain Grove, New Bedford and several from this city. Miss Myrtle Riley, junior superintendent, has completed all plans for the occasion and with fine weather prevailing, there is every reason to expect the affair to be a pronounced success.

A feature of these rallies is the enthusiasm of the youngsters in competition for the prize banner. The First Congregational church society now holds the banner for the last two rallies and hope to again bring it back again from this rally.

The program arranged for the occasion is as follows:—Address of Welcome—Neshannock Presbyterian Society; Devotionals—Enon Valley Presbyterian Society; Readings—Bessemer Presbyterian Society; Readings— Mahoningtown Presbyterian Society; The Topic—"Prayer and Bible Readings"; Offering Exercises—First Congregational church society; Address to Children—Mrs. J. S. Martin of Beaver Falls.

At the close of the program, there will be the presentation of the prize banner to the society having the largest number of members present.

Miner Is Killed, Ten Injured As Cage Drops In Pit

Report Miner Killed Near Brownsville In Early Morning Accident

(International News Service)

BROWNSVILLE, Pa., Oct. 20.—One man was killed and ten injured early today when a mine cage fell into the pit of the W. J. Rainey Coal Company mine at Allison, near here. The dead man's identity has not been established.

Two of the injured, John Hate, 45, and Thomas Bircheck, 48, both of Allison, were removed to the local hospital. Both suffered leg injuries.

First reports said the men were being taken into the pit when the cage fell to the bottom.

Five of the injured men were taken to the Brownsville hospital and the other five to the hospital at Uniontown. Physicians said all suffered broken legs or other broken bones.

Bert Fiale, the engineer who was in charge of the cage, said failure of the brakes to work caused the accident. The car plunged 150 feet down the shaft.

The dead man later was identified as Everson Musso, 45, of Allison.

McBride Post To Meet On Wednesday

Regular Meeting Will Be Held In Post Rooms In Legion Home Building

Members of the Harry L. McBride Post, Veterans of Foreign Wars, will hold their semi-monthly meeting in their post rooms in the Legion Home Association building, Wednesday evening.

Reports will be made on the rally held Saturday evening, and other matters will be brought up for discussion.

Installation of the recently elected officers will not take place until the second meeting in November, when a joint service is planned with the Ladies Auxiliary.

BROTHER AND SISTER MEET AFTER 51 YEARS

OIL CITY, Pa., Oct. 20.—For the first time in 51 years brother and sister met—Mrs. Richard Bolden of Oil City and Thomas Price of Steubenville—at the bedside of another sister, Mrs. Rosalie Ard, in Buhl hospital, Sharon. Price ran away as a boy of 16 and he had been given up for dead.

The family did not hear from him until several months ago, when it was learned that for 18 years he had resided in Steubenville, O., being employed in the steel mills there. Another brother, James, of Pittsburgh, was present at the bedside reunion.

Veldown
(SANITARY NAPKIN)
Lasts Longer
Its Filler is 3 to 5 Times More Absorbent

THIS is a new-type sanitary napkin that lasts hours longer than old ways. The rayon cellulose filler in Veldown is 3 to 5 times more absorbent than the crepe-paper or cotton used in ordinary pads. Hence it's effective and secure for hours longer—with perfect comfort.

Yet this longer-lasting hygienic invention is soft as silk, form fitting and disposes easily as lightest tissue. New freedom and new comfort at no higher price than ordinary "sanitary pads." At any drug or department store—Ask for Veldown.

Common Foods Are Best Sources Of Vitamins

By LOGAN CLENDENING, M. D.

Vitamins have become so familiar that the jokesters of the nation can make them the subject of their merriment at any opportunity. We know a good deal more about their action than we do about their chemical structure, and so when somebody says: "Let me see one of those vitamins I hear so much about," we are unable to satisfy the demand, and this is likely to lead to some doubt and consequent scoffing.

More fuel for this has been furnished by the habit of manufacturers and food purveyors advertising some certain product as containing an especially large amount of this or that vitamin.

As Dr. Morris Fishbein says, the American people are extremely liable to go to extremes in health programs. If someone says that a kind of fruit juice is a good food and contains a lot of vitamin C, the result is that large numbers of the population drink or eat practically nothing else but that fruit juice for a while.

In spite of all this, the vitamins are real enough. The role they play in health is a very important one. No single contribution to the science of nutrition has been more important than the growth of our definite knowledge about the vitamins.

The most valuable thing to remember, however, is that our common foods are the best sources of vitamins. Artificial products for which the claim is made that they contain a great deal of vitamin this or that, are usually not as reliable for this purpose as the average foods any normal person uses during the course of an average day.

The practice of exposing foods to irradiation by violet rays in order to increase the content of vitamin D is an illustration of what I mean. To quote Dr. Fishbein again, the amount of vitamin D in some irradiated cereals in so slight that an infant would be required to eat four pounds of cereal daily to get the equivalent of a normal dosage of cod liver oil.

It is significant that when manufacturers of such vitaminized products are urged to have a standard for the amount of vitamin their products should contain, the standards set up are those of very common food substances. Carrots for vitamin A, yeast for vitamin B, orange juice for vitamin C and cod liver oil for vitamin D.

QUESTIONS FROM READERS

Mrs. J. J. A.: "Ten years ago my mother came to California from New York and was deathly sick on the train during the entire trip. She is planning to return, and would appreciate knowing how this sickness could be avoided, or in any way helped. She gets sick if traveling by boat."

Answer: Car sickness is not always easy to control. It is probably due, as is sea sickness, to a disturbance of the semi-circular canals in the middle ear. Thus removing any irritation of the ear—wax, cleaning out the nose and throat—may tend to prevent it. Also removing sources of absorption—cleaning out the bowels before the journey, eating a liquid diet. Mild hypnotics, such as medinal or veronal, are reported helpful.

NAVY'S "AKRON" GUARDIAN STOPS OFF FOR SHORT VISIT

Government's Master Mechanic At Lakehurst Here On Monday

HAD ENJOYED LAST TRIAL FLIGHT WEST

For about two hours and a half late Monday New Castle unknowingly entertained one of the men who played a major role in the construction of the giant U. S. S. Akron and who, by virtue of his rank, will be officially charged with its safe keeping after the navy takes it to Lakehurst.

Master Mechanic Harry Dietzman, located permanently at the Lakehurst, N. J., naval air base, was the visitor. He stopper off unannounced to visit a cousin, Mrs. E. R. Wolf, Morton street, while enroute from Akron to Lakehurst.

Was Flight Passenger.

Mr. Dietzman represented the mechanical division of the naval air forces on the Akron's last 48-hour test flight, and now is hurrying back to Lakehurst to prepare reception arrangements for the monster "marvel of the air". His schedule, as of last night, showed the ship would be taken east from its Akron hangar sometime Wednesday night. Unforeseen changes may alter this plan, it was said.

New Castle may get a chance to view the new craft as she flies eastward, Mr. Dietzman told Mr. and Mrs. Wolf. He said her course would follow a straight line, bringing it within observation distance of this city.

Dietzman, whose position as master mechanic for the government's largest air base, shoulders responsibility for the upkeep of the dirigibles and equipment at that port. He has been in charge of the Los Angeles repairs since the navy acquired it.

For the past 29 years he has seen service in the various navy yards, assuming his post at Lakehurst immediately after it was established.

Rode "Shenandoah".

Among his prized possessions is an honor citation from the secretary of the navy for repairing a disabled fin of the ill-fated Shenandoah at the heighth of a damaging storm 5,000 feet in the air above Laurel Ridge, near Ligonier, Pa., before its final flight.

"The Akron is very satisfactory to all who rode it on the trial flights," Mr. Dietzman told Mr. and Mrs. Wolf. "The 48-hour flight was certainly an enjoyable one. We zigzagged about the country and went as far into the middle west as Kansas. At one time we were near the border of Canada."

The Lakehurst officer was driving thru from Akron to Lakehurst and was compelled to leave sooner than he had earlier expected. He arrived at 4 and stayed until 6:30. He was driving another navy officer's car.

Mr. and Mrs. Wolf were told that 3,000 spectators visit Lakehurst every day, but the crowd anticipated for the arrival of the Akron will probably number near 30,000. It is for that reason that Wednesday night was tentatively set for the arrival there, for handling the huge dirigible with an immense throng on hand is much more difficult. Spectators may view the ship afterward, but during the launching it is hoped that the rushing and bustling curious will be absent.

After the navy accepts it, Mr. Dietzman will have another big "care" to occupy his mind in addition to the responsibility of looking after the smaller Los Angeles.

Some Republicans Are Nominated On Democratic Ticket

This Occurred In Cases Where Names Were Written In On Primary Ballot

Inspection of the official count of the vote cast at the recent primaries shows that a number of Republicans have been nominated for places on the Democratic ticket, particularly in cases where it was necessary to write in the names of nominees.

The full Democratic ticket nominated is as follows: county commissioner, W. Grover Stevenson; county treasurer, F. M. Davis; county coroner, Dr. Ed. S. Cooper; prothonotary, R. M. Campbell; county surveyor, Wallace Buxton.

The city Democratic ticket is as follows: mayor Carl W. Haufler; treasurer, Harry C. Turner; school director, six years, A. C. Hyde, Dan Wolcott and Charles G. Martin; council, Percy Laverack and H. P. Stone; school director, two-year term, Rae B. Elliott.

W. J. Eroe was nominated on the Democratic ticket for county auditor, but this office has been eliminated by the county controller.

HORTON TO COOPERATE

A letter from F. G. Abeken, U. S. navy recruiting official at Pittsburgh whose territory includes western Pennsylvania and a part of West Virginia, today asked for the cooperation of Scout Executive Herbert Horton, a navy officer, in the preparation of local Navy Day plans. The observance will occur October 27.

The communication asked Mr. Horton to cooperate with Fred R. Allison, chief boatswain's mate, in charge of local recruiting, in the drafting of plans.

The two will work out any possible plans together.

'Four Hundred' Figures

Social Leaders Of New York And Nation As Seen By Ethelda Bedford, New Castle News Staff Writer

MRS. WALTER GILLETTE BIRD

Mrs. Walter Gillette Bird

NEW YORK, Oct. 20.—Mrs. Walter Gillette Bird, tall, graceful, dark-eyed, with a fascinating hint of a dimple in her chin, might easily be singled out in a crowd of attractive women as a movie star—such a tribute is she to charm and beauty.

You see her strolling arm-in-arm along that swanky section of Park avenue, browsing in Fifth avenue shops, chatting over luncheon in Sherry's. When she isn't at the seashore or in Europe, which of course she is in the right season, she's holding forth in the approved social way in Gotham, where she is one of the most popular of the younger social registerites. She is a member of a clan whose family tree is firmly rooted in Gotham's most fertile soil.

Popular Debbie.

As the beautiful Marry Willets Pell—she is the daughter of Mrs. Emmott Buel and of Howland H. Pell—she was the envy of the Manhattan debutante circle.

Popular, pretty, gracious. With a radiant personality and a ready, sparkling smile. With more invitations than any ten girls possibly could accept, and with as much attention as a princess would expect.

Mary Willets Pell truly was an American princess, when you come to think of it. Her ancestors for generations have been rulers of this country's finance. They go back to early settlers of American soil—true American royalty.

After enjoying social life in two continents she married the attractive and socially prominent Walter Gillette Bird, son of Mr. and Mrs. Harrison Kerr Bird of New York.

Their wedding was the acme of historical brilliance, with Mary wearing Second Empire fashions. Her veil, an heirloom, was of trailing rose point. She carried a prayer book instead of flowers.

The old Fort Ticonderoga of New York, once occupied by the French, was the scene of the impressive ceremony. The setting was the living room of the ancient abode, known as the Pavilion, which was built by the bride's great-great-grandfather in 1826, and which now is the residence of her uncle, Stephen H. P. Pell. The wedding reception followed in the King's Garden, one of the most prized spots of historical societies, which adjoins the Pavilion. The garden was originally built in 1756 during the French occupation of the fort.

Mrs. Bird is one of those rare women who appears as smart with her hair waveless, parted in the middle and drawn into a small coil at the nape of her slim neck as she does with it waved and side parted, and worn long bob. She alternates these styles, with and without earrings.

Has rare collection of antique jewelry.

Attend Meeting Of Pennsylvania Library Society

Members Of Staff Of Local Library Going To Pittsburgh This Week

Four members of the staff of the Free Public Library will go to Pittsburgh on various days this week to attend the thirty-first annual meeting of the Pennsylvania Library Association, which convenes in the Carnegie Library in Pittsburgh today, lasting through Friday.

Those who will represent the New Castle library are Miss Alice Sterling, Miss Rose Barber, Mrs. Gladys Johnston, and Miss Alice Joyce.

Mrs. Catherine M. Charles, librarian of the Ellwood City Public Library, will be chairman of the small libraries group which will hold a conference Wednesday evening.

Thursday evening, a banquet will be served in the Hotel Schenley, which will be addressed by John Macy, critic and historian of literature, who is a noted author on literature.

Librarians from all over the state will be in attendance and the program is expected to prove highly interesting and instructive.

On Friday morning, a Pennsylvania session will be held which will be addressed by Dr. Godcharles, chairman of the legislative committee; and Miss Gertrude MacKinney, state librarian.

Following the address of welcome this evening by Col. Samuel Harden Church, president of Carnegie Institute, Homer Saint-Goudens, Director of Fine Arts at Carnegie Institute will lecture on the National exhibit and there will be a tour of the art gallery.

Hospital Food Donation Days Promise Success

October 23 And 24 Will Be Climax To Enthusiastic Campaign

The climax and close to weeks of work on the part of the members of the Jameson Hospital Aide society and their appointed aids will come on Friday and Saturday of this week—food donation days.

On those days all the gifts of fruit and vegetables, fresh and canned, groceries, cereals, etc., given to the Jameson Memorial hospital by generous citizens of New Castle and all Lawrence county, through their respective churches and granges, will be gathered together. The ingathering results will be placed in a first floor room of the Moore building on North Mercer street, and in the front lobby of the Jameson hospital.

If you have something for the hospital, take it to the Moore building room on Friday or Saturday, or, direct to the hospital. If more convenient, leave it at your grange or church, notifying the appointed solicitor in charge.

Aids who were appointed by the Jameson Hospital Aide society in New Castle churches are as follows: (Notify them if you can give some food stuffs for the hospital.)

First Presbyterian, Mrs. Frank Woods; Central Presbyterian, Miss Laura Stevenson; Mahoningtown Presbyterian, Mrs. George Cook; First United Presbyterian, Mrs. John Lockhart; Second United Presbyterian, Miss Minnie McClaren; Third United Presbyterian, Mrs. Ira K. Senator Couzens Has Relief Plan

National Unemployment Insurance System Legislation Worked Out By Couzens

COMMITTEE IS HARD AT STUDY

(International News Service)

WASHINGTON, Oct. 20.—Senator Couzens (R) of Michigan is framing legislation for a national unemployment insurance system to be financed by state, federal, worker and employer contributions.

The plan would be compulsory and be administered by the individual states. Contributions would be on the following basis: State 25 per cent, federal 25 per cent, employer 35 per cent and employes 15 per cent. The employer would be required to pay a larger share, Couzens declared, to prevent careless labor management.

An unusual feature of the plan calls for the payment of 70 per cent of the workers wage during the first six months of unemployment. This high ratio, Couzens explained, was fixed to maintain the purchasing power of employes and thus aid in overcoming slack business conditions.

Call For Discussions.

The special senate committee studying unemployment insurance systems was asked today by Couzens to invite Eugene W. Lewis of Detroit, president of the Morris plan banks, and author of a workless benefit scheme, to discuss the details of his plan. The committee resumes its hearings tomorrow when it will hear Walter J. Kohler, former governor of Wisconsin, and Prof. Leo Wolman of Columbia university. Others who will testify before the committee are Mathew Woll, vice president of the American Federation of Labor, and James Craig, chief actuary of the Metropolitan Life Insurance Co.

Joint Slayer Of Trooper Is Taken Back To Troy, N. Y.

Stanley Chero, Accused In Slaying Of State Trooper, Returned From Oklahoma

(International News Service)

TROY, N. Y., Oct. 20.—Pale and hobbling on crutches, Stanley Chero, Broughton, Pa., youth charged jointly with slaying Trooper Sergeant John E. Frey last winter, arrived here today from McAlester, Okla.

Chero was immediately arraigned on a first degree murder charge. Later in the day he was to be tried with William Chemnitzer for the slaying.

Chero's right leg was amputated above the knee as a result of a bullet wound suffered when he resisted arrest in McAlester, but despite this he was guarded closely by State troopers during his long journey.

Chero said he expected his parents to come here from Broughton. In Cleveland he received permission to send post cards to them.

Edison's Last Message One Urging Courage

NEW YORK, Oct. 20.—Last June, Thomas A. Edison spoke to the nation over the radio. It was his last public utterance and was marked by his usual brevity. He said:

"My message to you is. Be courageous! I have lived a long time. I have seen history repeat itself again and again. I have seen many depressions in business. Always America has emerged from these stronger and more prosperous.

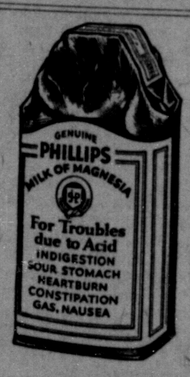
Be as brave as your fathers were before you.

Have faith!

"Go forward!"

"It is time to quit looking down in the mouth." That is, excluding dentists.—The Oakland Tribune.

Real relief from CONSTIPATION



WHENEVER digestive distress follows mealtime, you can suspect an acid condition.

Acidity affects the appetite. What food you do eat sours in the stomach. The tongue becomes coated. The breath is bad. Sick headaches become frequent. You are constipated.

These are danger signals which should never go unheeded. Your system is fairly shouting its need of help; something to help remove the acid waste and restore alkaline balance. An anti-acid to offset the effect of too rich a diet, nervousness, excitement, etc.

Men and women who meet this need promptly with Phillips' Milk of Magnesia do not suffer. They eat well, and their food doesn't ferment in the stomach. Every trace of overacidity soon disappears. All sour gas is dispelled. Stomach, liver and bowels have a better chance to function.

If there is the least hint of too much acid, just take a spoonful of Phillips' Milk of Magnesia today, and for several days. Feel this sweeten your stomach. Note how appetite improves. And elimination. You will wonder how anything so pleasant-tasting can be so promptly effective. 25c and 50c bottles at drug stores everywhere.

Phillips' Dental Magnesia Toothpaste guards against acid-mouth; keeps gums firm and teeth pearly white.

LOUIS GREGORY GIVES ADDRESS

In the auditorium of the Y. W. C. A. Louis Gregory of Portsmouth, N. H., a noted international speaker on the interracial platform, spoke to a group of folks numbering approximately a hundred on Monday evening.

The meeting opened at 8:15 o'clock with a piano solo given by Mrs. Adelaide Holsinger. G. Martin of Sharon, introduced the main speaker, Mr. Gregory who dwelled on "Interracial Relations."

He took his audience on an imaginary trip through the different countries, and made amazing comparisons. Also, Harlan Ober of Pittsburgh spoke on the "Coming World."

For a nation that is being forced into a fight against its will, Japan seems remarkably active and well prepared.— Rockford Register-Republic.

Program For Autumn Revue Is Announced

School Children's Relief Fund To Benefit By Performances In High School

THREE PERFORMANCES WILL BE PRESENTED

Pupils of all the New Castle Public schools will participate in the Autumn Revue, which will be presented on Tuesday, Wednesday, and Thursday, October 27, 28, and 29, in the Senior High School for the benefit of the School Children's Relief Fund.

The program is a varied one, and will be well worth the patronage of every citizen of New Castle.

The presentation on Tuesday afternoon, October 27 at 2:30 is designed largely for the school children, while the presentations on Wednesday and Thursday will be in the evening at 8 o'clock.

The program follows:

A Mother Goose Frolic—Highland and Arthur McGill Schools. In which we are introduced to a few little friends from a book of Nursery Rhymes.

The Toy Town Chorus—Terrace Avenue and Aiken Schools. A celebration to honor the Wedding of the Toy-Town Admiral and the Painted Doll.

A Forest Festival—Rose Avenue and Oak Street Schools. Mother Nature and Jack Frost stage a party for the Leaves and the Squirrels.

Bingville Band Rehearsal—Croton Avenue School. Some good old tunes revived in true Bingville fashion.

A Gypsy Revel—Mahoning and Lawrence Schools. A colorful picture of the gay gypsy life we read about and sometimes see in the Movies.

Intermission—At which time we will be entertained by the Senior High School Band.

One Hallowe'en Night—West Side and Thaddeus Stevens Schools. Wherein we are initiated into the horrors of a modernistic graveyard.

The Music Festival Chorus—Lincoln-Garfield and Pollock Avenue Schools. Considered one of the finest in New Castle.

A Sorry Tale—Franklin Junior High School. A French pantomime depicting the domestic troubles of Pierrot, Columbine and Taddeo, presented by a Troupe of Traveling players.

The Plantation Singers—North Street School assisted by a group of loyal and talented Alumni members from Washington Junior, singing some good old Southern Songs.

At the Stroke of Twelve—Washington Junior High School. A spooky one-act play about Hallowe'en ghosts.

Walk the Plank (A Pirate Squall) —Boys Glee Club of Senior High School. Wherein seven culprits confess why they have failed to support our worthy Relief Funds.

Seek Pacific Settlement Of Boundary War

(International News Service)

WASHINGTON Oct. 20—The American government today marshalled for 'moral force of all the neutral South American governments" in a move to compel Paraguay and Bolivia to accept Pacific means for settlement of the Gran Chaco boundary dispute.

The state department revealed that replies had been received from all the neutral South American governments to telegrams sent them last week asking they join in common action to preserve the peace in South America.

The boundary dispute in the Gran Chaco is a long-standing one and has been the cause of numerous clashes between Paraguay and Bolivian troops along the boundary in that region.

JUST ask one of the telephone operators who serves you how she manages to maintain such unfailing courtesy at a big switchboard.

"It wasn't easy at first," she'll admit. "I found that a sedentary job indoors all day was almost too much for me. I realized that if I was going to make good on the job—and I loved it!—I'd have to keep myself in the very pink of condition.

"I've done it with Nujol — nothing else. It's kept me from having headaches and colds and that awful let-down feeling.

"My doctor tells me that Nujol isn't a medicine. It's simply a pure *natural* substance. It keeps your system functioning as nature meant it to, even under abnormal conditions. It not only prevents an excess of body poisons (we all have them) from forming, but aids in their removal."

Nujol can't possibly hurt you or upset you. Get a bottle today. Take it regularly for the next three months. Perfected by the famous Nujol Laboratories, 2 Park Avenue, New York City. Sold at all drug stores, in sealed packages.

$1.60

For $1.60 you can telephone to friends, relatives or customers *more than 350 miles away*. For example: from New Castle to New York City. And after 8:30 P. M. you can call them for **only 90 cents!**

The service is fast, clear, dependable —the calls easy to make. Just give the number to the operator (ask Information if you don't know it) and "hold the line."

GRANGE BANQUET

One of the outstanding social events of the season took place in the Big Beaver Grange Hall on Friday evening at 7 o'clock, October 16, 1931 when members of the Big Beaver Grange Ladies' Club, with their husbands or son or brother sat down together at long tables and partook of a delicious banquet in the dining hall. The table decorations included dwarf pompon, dahlias and autumn foliage. An entertainment following the banquet was presented in the auditorium, in charge of Mrs. W. S. Chatley. The following numbers included the program. Presentation of prize (a clock) by Mrs. K. W. McHattie and accepted by Mrs. W. B. McGeorge. Pantomine "The Dutchess Bounces In" by Mr. Howell, reading and others were Mrs. Howell, Mrs. Doak, Gladys Howell, Arthur Dubbs, Hollis Howell, Marjory Doak, Doris Howell and William Shannon. Vocal duet—"When You and I Were Young, Maggie." Mrs. Willis and Mrs. W. G. Foster. Address, "Benefits derived from organizations," Rev. W. W. Willis. Vocal duet, "Whispering Hope," Mrs. Willis and Mrs. W. G. Foster with Mrs. Doak accompanist. "History of club activities during the past four years," Mrs. James Beatty. Closing song, "America."

Four years ago the Big Beaver Grange Ladies' Club was organized November 15, with 22 charter members. The membership has increased to 46 members at the present time Rules or by-laws were adopted at its organization, which have been strictly obeyed. The club flowers are the yellow rose and violet, and its colors blue and gold. Motto: "She profits most, who serves best. Slogan: Every grange lady to be a member of our club. The members of the industrial committee, planned a contest which was carried out accordingly by four groups of the club membership, which resulted by the fourth group making the most points and money during year for the club, and received the clock for their prize. The next regular meeting of the club will be Tuesday P. M., November 10, at the hall.

BEAVER TOWNSHIP NOTES

A class of 18 new members were initiated at a recent meeting of Big Beaver grange.

The exhibits were as good in appearance and quality at the Farm Products Show at Big Beaver grange hall, September 29, as those of the average county fair. A large crowd was present and was highly pleased with the exhibits.

An audience which filled the Rocky Spring U. P. church to the doors, witnessed the trial, "Who Killed Earl Wright, Sabbath P. M., at 2:30 o'clock.

The annual Hallowe'en party will be held lin the Big Beaver Grange Hall on Friday evening, October 30. The committee in charge of the evenings entertainment will award prizes to the best dressed couple, best dressed adult, best impersonator, best tramp, best dressed child and comic child. Refreshments will be served. Everybody welcome, a small admission will be charged to meet expenses of affair.

The new addition to Big Beaver grange hall is about completed. The new stage and curtain presents a fine appearance. The new juvenile room is not quite ready for occupancy.

Mr. and Mrs. William McCullough and Mr. and Mrs. Oscar Lipp, visited their daughters, Pauline McCullough and Lillian Lipp at Mansfield, Pa., where they are music students at Mansfield Teachers College. The occasion was parents' day.

GUN-TOTER HELD ON GRAVE CHARGE

(International News Service)

BURGETTSTOWN, Pa., Oct. 20.—Accused of threatening a girl and two men with a revolver, Nick Caruso, 42, of Weirton, W. Va., was arrested and held in default of $4,000 bail for court. Caruso was attending a farmhouse party near Florence, Pa., when he attempted to fire upon the girl and men, authorities say. The gun jammed. When Constable Joseph Pollock, of Burgettstown, summoned Caruso from the house, he is alleged to have fired one shot which went wild.

Court Petition Asks That Votes Be Stricken Off

Would Have Names Of 253 Stricken From Voting List In Wilmerding District

SEVERAL "PHANTOM" VOTERS UNCOVERED

(International News Service)

PITTSBURGH, Oct. 20.—A petition to strike out 253 names from the voting list of the Fourth District of Wilmerding, stronghold of the Volpe political faction, before the November election, was filed in common pleas court today. Hearing was set for next Friday.

Attorney Mayer Sniderman, counsel for George Munro, chairman of the Independent Republican party in Wilmerding, in filing the petition, charged that 240 of the names were those of "phantom voters" who do not even exist. Nine were claimed to be unnaturalized citizens and five persons who are now dead.

The list of 253 names shows four alleged "phantoms" registered from the home of Louis Volpe, veteran Republican leader; five from the home of Peter Grillo, Volpe lieutenant; 11 from the home of Paul Dangalo, another Volpe leader, and three from the home of Carmine Trenga, judge of elections in the Fourth District.

Joseph Capo, a borough register-assessor, was charged in the petition with registering the names illegally in the record book now in possession of the county bureau of elections.

Munro requested the court to order Capo and the book be brought before the bench and the alleged illegal names stricken off before they can be fraudulently used in the general election, two weeks from today.

Munro charged further that tax receipts have already been secured for all of the 253 names, with the intention of casting ballots for them in the election.

Says State Could Save By Reducing Salaries

(From News Bureau) (State Capital)

HARRISBURG, Oct. 20.—Salary reductions for the higher paid state employes has been suggested by some members of the General Assembly to help finance projects for unemployment relief. When the extra session meets next month it is probable that some effort may be made on the floor of the legislative branch to lower salaries.

Representative Fred Patterson, veteran Beaver county member, is the chief advocate of lowering the salaries of the higher paid employes. He has been gathering data on the number of employes and the salaries paid.

Patterson claims that several million dollars could be saved by a salary reduction. He declares the money allocated for wages in the appropriations made by the regular session this year for the present biennium could be turned in for construction projects.

The Beaver county member bases his argument for lowering salaries of public employes on the action of private enterprises when wages have been cut. Patterson holds that public employes are no better than those in private business when costs are being reduced.

Large Group Of Men at Meeting In St. Vitus Church

Urged To Participate In Retreats And Activities Of Holy Name Society

Several hundred men were in attendance at the meeting held last night in St. Vitus church hall in the interest of the laymen's retreat movement and the Holy Name society activities in this district.

E. F. Strizzi presided at the meeting and the speakers were Rev. Fr. Joseph A. Doerr, pastor of St. Joseph's church; Rev. Fr. A. P. Scholz, pastor of St. Margaret's church; Rev. Fr. F. S. Clifford of St. Mary's church; A. Hamill of Pittsburgh, president of the Holy Name society of the Diocese of Pittsburgh; Rev. Fr. Lucien Ducie C. P. of Pittsburgh, and Rev. Fr. N. De-Mita, pastor of St. Vitus church.

The special objective of the meeting was to interest the men of St. Vitus church to participate in the winter retreat for laymen to be held December 11, 12 and 13 for Lawrence county men at St. Paul's Monastery, Pittsburgh, of which Rev. Fr. Lucien Ducie C. P. is the retreatmaster. Over 20 signed up last night and it is anticipated that between 40 and 50 men of the parish will take part in the retreat from St. Vitus parish alone.

Rev. Fr. Doerr, who is now spiritual director of the Holy Name society in Lawrence county, was the first speaker of the evening and urged that the Holy Name society of St. Vitus parish become canonically established and as a result of his address, this will be done in the near future. He urged the return to God and attendance at holy communion at least once a month.

Rev. Fr. Scholz spoke of the work of the Holy Name society and the need of more devout observance of the holy communion and other sacraments of the church setting the example to others.

Rev. Fr. F. S. Clifford delivered an interesting talk and urged the Holy Name society as a means of better life. A. Hamill of Pittsburgh, diocesan president of the Holy Name society, spoke and stressed the need of the retreat movement.

Rev. Fr. Lucien Ducie, retreatmaster at St. Paul's Monastery, Pittsburgh, told of the good derived from the retreat movement and the need of attending these events twice a year, telling of the benefits to be derived from the coming retreat in December.

Rev. Fr. DeMita was the concluding speaker, telling in Italian all that the other speakers had said, so that all might have a full knowledge of all that had transpired.

Local Pythians Pay Tribute To Lodge Veterans

Three With Half Century Record, Others Share Blum Lodge Event

Older Knights of Pythians of Robert Blum Lodge No. 466 were honored last night by the entire lodge membership at a special testimonial observance in the K. of P. Hall, E. Washington street, held as a feature to National Pythian Veterans' Week. One hundred participated.

Lodges of the order everywhere have side tracked other interests this week to do honor to those who have been members for a quarter of a century or more, and the Robert Blum lodge exercises marked a part of the nation wide program.

The locals honored three outstanding Knights who have held membership credentials for 50 years and others whose membership period runs shortly over the 25 year mark.

Pollyblank Is Oldest

James Pollyblank, the oldest who for 52 years has been a Pythian: William C. Hess, whose record is 51 years and Alfred I. Broadhead with a membership of 50 years, were special honor guests, while a group having been members for 25 years shared the tribute.

C. W. Herman Hess, son of one of the oldest members, a former state president, was in charge of the evening's program. Reminiscing of olden times by the older members formed the principal part of the entertainment.

A delicious lunch was served following the program.

Woman Is Seeking Erlanger Fortune

Common-Law Wife Of Late Broadway Producer Is Seeking Fortune

(International News Service)

NEW YORK, Oct. 20.—Three wedding rings—two gem-encrusted, the other a chaste plain platinum hoop—graced her fingers, but she was never a bride.

This portrait of Charlotte Fixel, white-haired beauty, was etched in court where today her attempt to establish herself as the common-law wife of the late Abraham L. Erlanger, theatrical producer, was to resume today. If successful, Mrs. Fixel was to claim dower rights in the estate estimated variously at between $1,000,000 and $75,000,000.

Mrs. Fixel contended all three rings were given her by "The Little Napoleon of Broadway," as Erlanger was known.

Dry Group Has Raised $431,000

Newly Formed Allied Forces For Prohibition Have Raised Big Amount

(International News Service)

WASHINGTON, Oct. 20.—The newly formed allied forces for prohibition have already raised $431,000 in cash and pledges to finance the most intensive speaking campaign of a dry organization since prohibition was enacted, Dr. Daniel A. Poling of New York, chairman, announced today.

The fund was raised largely thru small subscriptions, the largest being $2,000.

Congress now has plans to regulate the stock market so it will be profitable for everybody like the wheat and cotton markets.

Negro Slayer In Maryland Pleads Not Guilty Today

Orphan Jones, 60-Year-Old Negro Slayer Of Four Enters Not Guilty Plea

MOB VIOLENCE STILL FEARED

(International News Service)

BERLIN, Md., Oct. 20.—The trial of Orphan Jones, alias Yuel Lee, 60-year-old negro, charged with slaying Green K. Davis, Maryland farmer, his wife and their two children, will get under way as soon as counsel for the alleged killer has prepared his defense, it was announced today. Jones pleaded not guilty to four indictments charging murder when arraigned before the Worcester county grand jury late yesterday.

Jones will be represented by Attorneys Franklin Upshur, this city, appointed by the court, and Bernard Ades, who volunteered his services. It was reported that the defense will plead insanity in the hope of saving the aged negro from capital punishment. After the hearing he was spirited away from Snow Hill to prevent mob violence of several hundred gathered after the hearing and made threats "to get" Jones. As a result he was placed on a steamer and taken back to Baltimore.

In Manchurian Theatre of War

These graphic pictures aptly illustrate the hostilities that have been holding the spotlight of world attention along the Manchurian front. A detachment of Japanese troops (lower) is shown marching into the ancient walled city of Taonan following its capture from the Chinese defenders. Japanese officers (upper right) are inspecting some of the thousands of guns taken from Chinese troops at Changchun. Photo in upper left depicts a throng of refugees crowding the railway station at Changchun as they fled from the advancing soldiery of Japan. So hastily did some of the persons leave that many of them traveled only in dainty housegowns, instead of their usual garments.

Nuggets of pure gold have been found by Indians in Northern Alberta and it is sincerely to be hoped the news is kept away from New York bankers.—The Hamilton (Ont.) Spectator.

Visions Of Wealth And Happiness In Faraway Occident Only Illusion

BEING HELD ON NARCOTIC CHARGE

(International News Service)

PITTSBURGH, Oct. 20.—Visions of weath and happiness in the faraway occident proved to be only an illusion for the family of Yee Fong, local Chinatown merchant, who today awaited a trip to Atlanta penitentiary to serve a two-year sentence.

Fong brought his girl-wife to this country only a short time ago. Everything in the new land was strange and inscrutable to her, but with her husband and infant daughter she was happy.

Then Fong sought to make riches pour in too rapidly. Federal agents put him under surveilance, with the result that he was tried and convicted on charges of conspiracy to violate and affenses again the Narcotic Act.

The spectre of two long years alone, except for her baby, in a strange land and among people whom she neither resembled nor understood proved too much for the young mother. She committed suicide.

Fong's motherless babe was in court yesterday, but Judge F. P. Schoonmaker ruled that the Oriental must spend two years in Atlanta penitentiary to be followed by two years on probation.

PETER B. KYNE PAYS HIS DEBT

Noted Novelist Forced To Pay $853 In Order To Move Race Horses

(International News Service)

CHICAGO, Oct. 20.—Peter B. Kyne, noted novelist, today was free to move his race horses wherever he wished, but the privilege cost him $853, plus long distance telephone tolls.

Alleging that Kyne had borrowed 5,000 francs from him in France during the World War and had not yet repayed the debt, R. G. Sherman, a local business man, obtained a writ of attachment on Kyne's horses, participating in the Hawthorne track season.

A deputy sheriff served the writ just as the horses were about to entrain for the East. Learning of the writ, A. W. Claxton, local agent for Kyne, telephoned the author at New York. Kyne authorized his representative to pay Sherman $853, and the horses were released from the writ.

Pittsburgh Cab Prices Slashed

Lowest Taxi-Cab Rates In Pittsburgh In Many Years, Prevailing Today

(International News Service)

PITTSBURGH, Oct. 20.—Cutting fares approximately 25 per cent, the lowest taxicab rate in the history of Pittsburgh, will become effective tomorrow on yellow and green cabs operated by the Parmelee Transportation company, P. L. Houston, president, announced today.

The new rate is 15 cents for the first sixth mile instead of 25 cents for the first quarter mile under the old rate. After the first drop of the meter the new rate is 10 cents for each two-thirds mile. The old rate was 10 cents for each half mile.

In comparison with old rates when a 12-mile trip cost $2.65, under the new tariff the cost will be $1.95. On a four-mile trip which now costs $1.05 the new rate will be 75 cents.

U. S. Mediation Would Suit Japs

Nation Prefers U. S. Mediation To Action By League In Chinese Dispute

(International News Service)

GENEVA, Oct. 20.—Though opposing intervention in the Manchurian conflict either by the League of Nations or the United States, Japan would infinitely prefer mediation by Washington, a Japanese spokesman intimated to International News Service today.

"President Hoover and Mr. Castle (William Castle, Jr., under-secretary of State) have both lived and Secretary Stimson has traveled extensively in the Far East," this spokesman said. "Therefore they understand the Manchurian situation.

"On the other hand what member of the league council knows what is really happening. M. Briand, Lord Reading and Dino Grandi (the French, British and Italian foreign secretaries respectively) are fine diplomats and extremely competent in European politics but the Oriental situation is vastly different."

U. S. Sends No Peace Note To Japan Or China

(International News Service)

WASHINGTON, Oct. 20. — Although the American Government was largely instrumental in having the Kellogg anti-war pact invoked to prevent war in Manchuria, it has failed to join the other signatory powers in dispatching "peace notes" to China and Japan, it was revealed today.

Failure of the United States to act with the other signatory powers of the Kellogg Pact was explained as due to a desire of the State Department to avoid embarrassing the Japanese Government.

It was said that the dispatch of the "peace note" was left to the "discretion" of each signatory power and that it was felt here a note from the United States at this time might serve further to inflame Japanese military opinion.

State Department officials intimated an American note might yet be dispatched to Japan and that the subject was still under consideration. No effort, however, has been made as yet to draft the text.

MAN IS KILLED, THREE INJURED AS AUTO CRASHES

(International News Service)

LOOKING BACK

IN NEW CASTLE

Cities as they prosper and grow often eliminate many things that nature provided in the course of formation of the earth's surface and this is true of New Castle as many other places in the world. There are few people living today in the city who remember quite a stream that once flowed in the downtown part of the city, but the few that do assert that there is no question as to why some cellars in the downtown area adjacent to or on the original course of the stream sometime show signs of water when there is a swollen condition of the Neshannock and Shenango streams. The water they believe finds its way back through the porous former course of the stream into these cellars. The stream, which was of considerable size at times, was, according to these people, really a connection between the Neshannock creek and Shenango river. It had its apparent inception in North street as it is now located close to St. John's Lutheran church and in the swampy area that existed in that section many years ago. This swampy area really received its water supply from the overflow of the Neshannock creek. It meandered through the bottom lands of what is now North street and over to what is now Falls street and here its water supply was augmented by the flow of water from a spring up above Falls street up near where Cottage street is now located. It then continued on a course that brought it down to the north edge of the public square and from that point on down to the Shenango river in a more or less straight course. When one considers the many buildings that are now located on the former stream, it may explain when even today a water supply can be found by digging but a few feet below the basement of the buildings of that district.

SLAYING OF DEER COSTS MAN $100

(International News Service)

WASHINGTON, Pa., Oct. 20.—Pre-season deer come high, Alvin Devore, Nottingham township farmer, learned when he could not resist the temptation to "draw a bead" on an antlered animal. It was the first deer shot in this county this season and it cost devore a $100 fine and costs. It was believed to have strayed from Allegheny County South Park.

EDENBURG

HALLOWE'EN PARTY

Mrs. Bessie Hofmeister was a pleasing hostess when she entertained her Sunday school class of the Christian church and their friends at a masquerade party at her home on Jackson Boulevard on Friday evening. Black cats, witches and other Hallowe'en decorations were used profusely in the living room. After the grand march the guests unmasked and the class meeting was held with Jessie Morrow leading the devotions and plans were made for a play to be given by the class in the near future. After this prizes were awarded to Sanna Delost and Dan Lutz for best characters present. Hallowe'en stunts and games whiled the hours away. Later pumpkin pie and doughnuts were served on dainty Hallowe'en plates with napkins to match with hot dogs, cider and apples by Mr. and Mrs. Hofmeister assisted by Mrs. Lucy McGraw and Mrs. Mary Morrow. The guests included Alice Mack, Dorothy Hofmeister, Lela and Bertha Myers, Mrs. Clare Hines, Jessie Morrow, Ruth and Sanna Delost, Nancy Morrison, Nellie Schneider, John Hofmeister, George Nichols, Chalmers Maughan, Teddy Thompson, William Paul and Gerald Cameron, Willis McBride, Dan Lutz, Jesse McQuiston, Mr. and Mrs. Fred Coates and daughter Norene. Altoona Has Good Offense

Altoona High Comes Here With Enviable Record; Has Fast Backs

FIRST DAY GAME NEXT SATURDAY

New Castle Goes Through Light Drills Monday; Show Improvement

When the rehabiliated New Castle high football machine takes the field against Altoona high next Saturday afternoon at Taggart field, the Tin City gridders oppose an eleven that is noted for its offensive strength. It will be the first daylight game of the season for New Castle, the eleven having played five games in the night atmosphere.

New Castle showed much improvement last week compared to the Red and Black eleven that lost to Charleroi and Washington. Coach Phil Bridenbaugh who is giving every gridder on the squad consideration plans more changes should he deem it necessary. In the light workout Monday the local schoolboys looked good.

The Senior high team appears to be hitting its mid-season stride which may cause it to sail through a successful season despite a couple of setbacks. Altoona high which is respected by all scholastics elevens in the district on the gridiron, comes here with an enviable record which it has compiled thus far.

Offense Good

The "horseshoe curve" district team is undefeated this season and is among the contenders for high honors. The scores which look like golf scores indicate that the Maroon avalanche has good offensive play. To date Altoona has registered over 200 points.

In Dinges, Dillon, Lafferty and Milton, Altoona has a quartette of ball toters who so far have proven a menace to every opponent. The visiting eleven commenced preparation for this tussle Monday afternoon. Being the first day game for New Castle a big crowd, is anticipated to witness the sixth game of the season.

New Castle starts on its final lap of the schedule. Four more opponents will be met after Altoona. On October 31, New Castle invades Union (Turtle Creek) for a contest there, and November 7, McKeesport, a new comer on the schedule will oppose the locals. That ancient rival Youngstown South in the ninth opponent on the program. New Castle plays at Youngstown, November 14.

The Thanksgiving Day attraction brings together once more the local gridders and Erie East at Taggart field.

St. Andrews Club Has Fine Meeting

The St. Andrews Athletic club held another interesting session last evening at the church. William Wignall, chairman of the club, gave another of his fine talks to the boys.

This evening at 5:45 o'clock all members of the club will meet at the church where machines will be ready to take them to Sharon for an evening of sport and fun at St. John's church. From 7:30 to 8:30 o'clock they will use the church floor for basketball, and also volley ball. The remainder of the evening will be spent in swimming.

It is just about decided to put a last basketball team on the floor this year, perhaps in the church league. The St. Andrews boys are trying to find a suitable floor on which to play their games. The next meeting will be held Monday night at 7:30 o'clock at the church.

Jack Dempsey May Be Married Again

Pretty Daughter Of Salt Lake City Sportsman Rumored Will Wed Dempsey

(International News Service)

SALT LAKE CITY, Utah, Oct. 20.—While Nevada notables prepared today to undertake a Moose hunt into the wilds of the Jackson Hole country in Wyoming with Jack Dempsey, rumors of impending nuptials continued today to surround the former heavyweight champion.

Pretty Lavon Vincent, blonde beauty prize winner in a University of Utah contests a few years ago and the daughter of Joe Vincent, wealthy sportsman and restaurant owner, is to be Jack's bride, according to local gossip. Dempsey and Miss Vincent, however, have neither confirmed nor denied the report.

Washington Gridmen Find Opposition Strong; Attack Kept Up

RIDLEY, SAUNDERS MAKE TOUCHDOWNS

Fighting valiantly in the final quarter to overcome the two-touchdown lead of their opponents, George Washington's orange and black gridders yesterday afternoon were forced to a 12-0 surrender to a heavier Sophomore team in an inter-class league playoff at Taggart stadium.

The plunging victors scored their tallies in the first and third periods of play, after weakening the Washington defensive by a continual line-battering from neutral territory to within the shadow of Washington's goal posts. They failed in their try for the extra points.

Ridley, hard-hitting fullback for the Sophomore's, and Sanders, left half, crossed the Washington line on a line buck and dash from the 5-yard marker each time. Perfect passes contributed in the march of the Sophomores from middle field.

Washington's entire backfield, and linemen as well, were on their toes during every quarter of the game. The powerful onrush of their opposition had the right-of-way, and it was only futile for the junior high players to buck it. Time and time again their efforts met with success, only to fail again in later rallies of the Sophomores.

Summary Of Play

The summary of the game:

Sophomores 12.		Washington 0.
Scarazzo	R.E.	Miles
Humphrey	R.T.	Evenoski
Mike	R.G.	Habib
Howley	C.	Donegan
Snezik	L.G.	T. Perrett
Zanel	L.T.	McClelland
Hitchins	L.E.	M. Perrett
Capitolo	Q.B.	Anderson
Butz	R.H.	Ross
Sanders	L.H.	Williams
Ridley	F.B.	Dinsmore

Substitutions—Sophomores: Burley for Capitolo, Ferdo for Mike, Joyce for Snezik, Ramsey for Scarazzo; Washington, Davis for Ross, George for Miles, Travers for Habib, Stockman for Davis, Adams for T. Perrett, H. Davis for Stockman, Rogers for Davis.

Referee: "Scoots" Nelson.

Union Team Will Be Idle For Week

Freedom High Next Team For Union High, Date Is October 31, At Union

Coach "Morg" Boyd gave his Union High school football team a layoff Monday, a vacation in other words, due to the hard game and victory they captured at Mars.

Union is without a game for this week due to a cancellation. It will give Coach Boyd two weeks time to get his team in shape for Freedom.

There were no serious injuries incurred in the game with Mars. Union is clicking smoothly and have added two W. P. I. A. L. teams to their string. Mars and Zelienople and have tied Ellwood City.

Dog Case Carried To County Court

Fight After Alleged Stoning Of Beagle Dog Brings Assault Charge

An altercation resulting after a beagle dog belonging to R. G. Cameron of Sheep Hill is alleged to have been stoned by Nick Colato, also of Sheep Hill, was carried to county court last night after Alderman W. E. Marshall held Cameron for court on a charge of assault and battery.

The case grew out of an occurence in the Sheep Hill district on October 14, when Colato is alleged to have been attacked by the dog. He is alleged to have stoned the animal, bringing on a fight with its owner, Cameron.

The Shenango Valley Humane Society charged Colato with cruelty to animals before Alderman R. R. Lewis and the latter fined Colato $10.

Colato then filed an information before Alderman Marshall, charging Cameron with assault and battery, declaring that he had needed treatment from a physician following the attack of Cameron. Marshall held Cameron for the December term of county court in bail of $300 following a hearing last night.

Two Titans From Mercer County

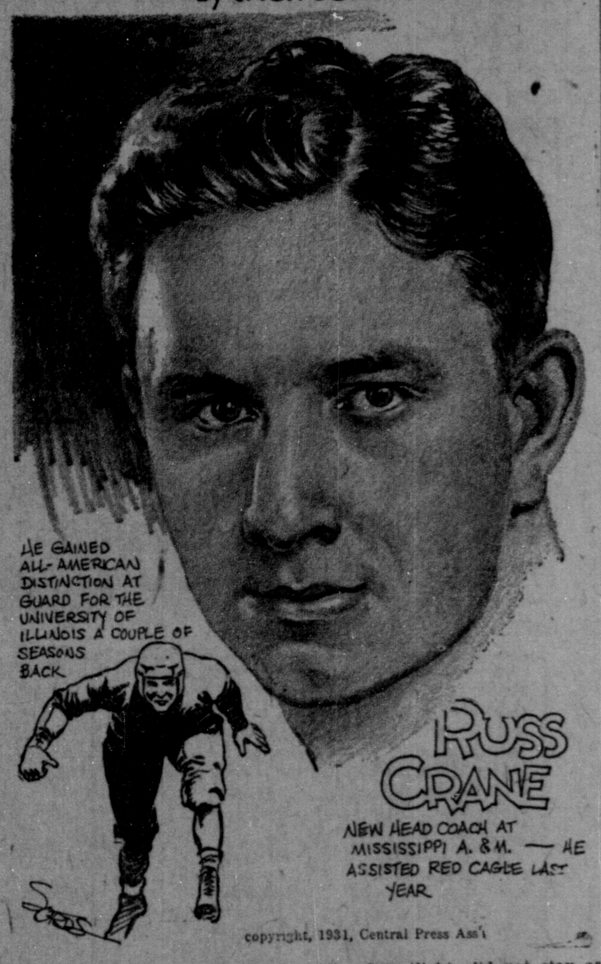
(Special To The News)

NEW WILMINGTON, Pa., Oct. 20.—Two Mercer county lads, Pete Leyshock, center, and Eddie Flynn, quarterback, both of Farrell, are members of the Westminster College football squad. Both will probably see action against Juniata College on the home field Saturday. Leyshock played a stellar defensive game against Grove City last Saturday following three weeks on the sidelines with injuries.

INTRODUCING

Coach Russ Crane

By JACK SORDS



Down at Mississippi A. & M. this year the varsity is turned over to Coach Russ Crane. Crane assisted Red Cagle, former Army star, last year. He is one of the youngest head coaches in the country, having been an All-American guard only a couple of seasons back while playing with the University of Illinois team.

Cagle, whose coming to the southern school immediately after three years of stardom as an Army brilliant put Mississippi A. & M. in the national spotlight, did not stay as head coach for a full season.

Red found professional football more attractive than the task of building a competent eleven at A. & M., and resigned. Crane, who knew the players and had helped tutor them, was a logical successor.

Now Mississippi A. & M., after a very brief tenure of West Point methods, is seeking football glory via the teachings of a disciple of the old master mentor of Urbana, Bob Zuppke of Illinois.

Basketball Teams In Church Leagues Named By MacNichols

The 18 teams signed for franchises in the Y. M. C. A. church leagues were announced today by Henry T. MacNichols, "Y" physical director, as follows:

"A" league—First Baptist, Harry Sanders, manager; Epworth M. E., Harold Ziegler; Wampum Presbyterian, George Patterson; Wesley M. E., Lawrence Gibson; St. Vitus Sacred Hearts, Tony Mastren; Highland U. P., Charles Mott; Temple Israel, Hyman Levine; Central Christians, Bert Evans.

"B" league—First Christian, Dr. G. S. Bennett; Central Christians, Leonard Smith; Finnish Lutherans, Paul Laurel; Temple Israel, Harry Rosenberg; First M. E., Ralph Brooks; St. John's Lutheran, Paul Gilbert; First Baptist, Howard Smith; St. Vitus Sacred Hearts, Tony Mastren; St. Michael's Slavish church, Mike Boboski.

The tenth team in the "B" league is still undecided between the New Wilmington Presbyterian and the Harlansburg Prebyterian. The franchise will be given to one of the two teams at the next meeting scheduled to be held October 29, at the Y. M. C. A.

New Castle's "Y" in comparison with other towns, such as Akron, Hyde Park, Chicago; Cincinnati, O.; Springfield, O.; Germantown, O., and Youngstown, O., ranks higher in the number of teams of churches participating and has a longer playing season than the cities with the larger associations. This fact indicates, by actual figures, that the local "Y" is cooperating in the fullest extent with the city churches.

The membership, in comparison with these named associations, is lower at the local "Y", and gives the church players more service for the membership. The local association is able to give this service to the young men who are members of the different churches of this city a low rate because of the provision of the Community Chest.

Last year in the "Y" church leagues there were 185 young men between the ages of 18 and 25 years who participated in the league activities, and who automatically became members of the different gym classes for young men. This year it is anticipated that about 200 young men, members of the different churches of the city will participate in the league activities.

The season for both leagues was composed, last year, of 230 games. This year, with more teams in play, the games will reach about the same total for the number of games played.

The leagues are directed by a board of managers of one representative from each team, and headed by a chairman of each league. The chairmen will be appointed at the next meeting.

The ministerial commission acts in an advisory capacity and is a connecting link between the church teams and the ministers. The commission is comprised of the following:

Dr. G. S. Bennett, Rev. S. L. Maxwell, Rev. Rees T. Williams and Rev. A. J. Randles.

Practices for the start of the season begin Monday, November 9, and continue until the time of play, in all probability during the week of Thanksgiving.

The officials who will officiate at these games will be selected during the coming weeks and an association will be formed for them.

The next meeting will be the last to be held before the actual schedule is completed. Rules of the league will be given out and last minute preparations made to assure the success of the games this season.

Titans Expect To Show Improvement

(Special To The News)

NEW WILMINGTON, Pa., Oct. 20.—That Coach John Lawther's Westminster College football team will go into the second half of the grid schedule on Saturday with a vengeance was shown here yesterday when the Titans went through a strenuous practice drill in preparation for the home game with the Juniata Indians.

Lino Petty, star broken field halfback of the Indians, will find himself bottled up if Titan defensive drill means anything. Petty is one of the most elusive ball carriers in the state. Together with a triple-threat quarter, Harley, the Juniata backfield is a dangerous one.

Juniata has lost to Muhlenberg, Dickinson, and Drexel, but defeated Gettysburg 6-0 last Saturday. As a result, the Indians are in about the same mind as the Titans who, after losing to Allegheny and Grove City, have decided to take their spite out on the teams yet to be played.

Westminster plays Juniata at home Saturday, Waynesburg at Waynesburg, Oct. 31, Thiel at Greenville, November 7, Edinboro state at home Nov. 14, and Geneva at Beaver Falls Nov. 21.

James Bloker, versatile gridder who has been used at halfback, center, and end, was injured in the Grove City game and will be lost to the team for two weeks. Richard Fuller, guard, is still on the injured list after having hurt his leg in the Allegheny game two weeks ago. Alan Harper is coming along well after being on the injured list since the opening game.

If the Titans can have all men available for the five games remaining on the schedule, the district will probably see an improved brand of ball played despite the fact that almost the entire Titan outfit is inexperienced.

Hard To Pick Grid Winners

Notre Dame, Army And Harvard Favored In Big Intersectional Games

UPSETS HAVE BEEN IN VOGUE

By COPELAND C. BURG
International News Service Sports Writer

NEW YORK, Oct. 20.—Our face is red and we hang our head in shame today as we go about the task of picking football winners this week. It seems we picked Army over Harvard last Saturday and also thought Yale might be upset by Chicago. Excuse please!

Anyway, we are better than most telephone operators. We got one in three correctly, for we said Holy Cross had a fine chance to beat Fordham and the Crusaders almost did that, being tied by the Rams in final minutes of play. Holy Cross was our three-star special and no others had it. With the other saps we also knew Princeton would lose.

Army Is Favored

But just the same we are still a little abashed and timid. Four of the best games Saturday are likely to be Princeton versus Navy at Princeton, Yale against Army at New Haven, Notre Dame versus Pittsburgh at South Bend and Harvard against Texas at Cambridge.

Injuries during this week can cripple any of the eight squads pretty badly but right now we like Notre Dame very much, somewhat favor Army, prefer Harvard and don't feel either this or that about Princeton or Navy. Any new injuries to Army this week would give Yale a big edge.

The tremendous power shown by the Irish last week against Drake, a fair squad after all, makes Notre Dame an outstanding choice against Pittsburgh. The horde of high class reserves revealed by the South Bend eleven gives them a decided advantage over the Eastern team and it doesn't look as though this weekend can be anything but another milestone in Notre Dame's race for the national championship.

Army Should Develop

Army should be better this week. Maybe the Cadets are not as good as the Johns but we won't be convinced until proved otherwise that they cannot show more sparkle.

Yale has developed swiftly since its early season defeat by Georgia, so don't give any odds on Army.

Naturally Harvard's blasting of the Soldiers makes the Cambridge crew a choice over the Texans. Harvard is undefeated while Texas bowed to Rice. A win by the Southerners, on top of Georgia's kicking in of Yale, would thoroughly establish the ascendancy of Southern football over the New England brand. But unless the Crimson gents were playing wide over their heads last Saturday, they can hardly lose.

Princeton and Navy are just a couple of bad ones. Navy has not shown anything this year and is suffering from casualties. Princeton has proved even worse than expected. The Nassau boys were soundly trumped last week by Cornell and the aftermath of that game was that Coach Gil Dobie has not such a great squad after all. Cornell overwhelmed Princeton simply because Princeton was pretty much nil.

Campolo Defeats Ralph Ficucello In Eighth Round

(International News Service)

NEW YORK, Oct. 20.—Ralph Ficucello tried to match punches with the Argentine beanpole, and lost the toss at the St. Nicholas rink last night.

Spotting Victorio Campolo twenty-five pounds, the little fellow made a brave stand against great physical odds, but he couldn't make the grade.

Campolo worked feverishly for seven rounds nail the pudgy Italian with his famous right, and he finally got his man in 2:37 of the eighth round.

Ficucello worked hard in the seventh and eighth, to clinch the decision if possible, and was flying at the tall Argentine with the fury of a hawk when Vic's big right fist exploded full in his face. Ficucello went down on the flat of his back, and didn't move a muscle while being tolled out.

(International News Service)

NEW YORK, Oct. 20—Fordham fans, who claimed the loss of Jack Fisher, stellar quarterback, caused the Rams to run into a tie score against Holy Cross, were gloomed today with announcement Fisher would not play this week against Drake. He is slowly recovering from a shoulder injury and likely will be of little use until the Detroit conflict on November 7.

HANOVER— Sammy Fishman, star of the Dartsmouth eleven had an injured ankle today. He was smothered yesterday trying to make a pass and may have fractured his ankle. The varsity did not look very impressive against the Cubs, although they won 20 to 0.

CAMBRIDGE—Jim Esterly whose play at left guard for Harvard against Army was a high spot, has a broken bone in his back, it was learned today. He will be out for the rest of the season. George Talbot will be groomed to play in Esterly's place against Texas on Saturday.

NEW HAVEN—Yale will scrimmage today and tomorrow getting ready for Army. Several changes may be made in the Blue squad this week. Levering replaced Mullfield at fullback and Malin was at center in place of Doonan yesterday. Nicholas was at left guard and Hawley at left end. Workouts during the week will determine whether the new men start against the Cadets.

WEST POINT—Army is going to be crippled in facing Yale. Sebastian, Stecker, Frentzell, MacWilliams, Ellitt and Kilday, all backs are crippled. Sebastian likely is out for the rest of the season and Stecker probably cannot play before the Pittsburgh game.

SYRACUSE—Syracuse is taking its Penn State game this week lightly and concentrating for its clash with Michigan State October 31 at East Lansing. The Orange has not won a game from Penn State since 1923 but are heavy favorites to take the 1931 tilt.

Fine Turnout At First Night School

Period Devoted Over To Introducing New Teachers And Courses At Meeting

ELLWOOD CITY, Oct. 20—There was a fine turnout of interested people besides the registered 111 at the first night school session in the Lincoln Auditorium last night at 7 o'clock.

Superintendent of Schools W. Ray Smith introduced the director of the night sessions, R. J. Hawke, who in turn introduced the five new teachers. They are Miss Martha Sisley, shorthand; Mrs. Jack Charles, typing; H. H. Clark, mechanical drawing; Mrs. Helen Mulbacher, business English; and Mr. Hawke who will teach shop mathematics and direct general shop work. Each of the instructors gave a brief outline of their course and plans for the semester.

Part of the time was turned over to further registrations which will be accepted until Wednesday evening, so as to give several persons an opportunity to make a definite decision. Only $5.00 is required for registration, regardless of the number of courses taken. Half of this sum will be refunded when it is shown that good attention has been paid to school property and the student has a good attendance record.

Director Hawke pointed out that the night school sessions are being operated for the benefit of the students and subjects will be taught that are as near in line with every day work. There will be advanced and beginners classes. He expects unlimited attention from the students.

It is reported that the classes in mechanical drawing, typing, and short hand are large and will create some problem. The latter two courses with business English will be held on the third floor, shop mathematics on the first floor and the remainder in the arts department rooms.

Stoner Is Hurt For Second Time

ZELIENOPLE, Oct. 20—Clare Stoner of Milton street is suffering from a very painful injury that he sustained while at work in a plant in Beaver Falls when a large piece of steel fell on his foot crushing it. The bones are broken, and the foot is badly crushed. A piece of steel weighing several hundred pounds fell on it.

Mr. Stoner recently recovered from an automobile injury that he sustained while on his way home from work in Beaver Falls. He was riding with some other men when their machine was wrecked and he was injured. He returned to work after being confined to his home for several weeks and has again been injured. For several months he has been working part time.

Helling To Head Kiwanis District

ELLWOOD CITY, Oct. 20.—Dr. H. E. Helling, this city, will serve the Kiwanis club as lieutenant governor in its middle west district for another term, it is learned here.

Dr. Helling has been active in the work of the state organization for some time. His election for another year came at the recent Allentown convention.

How to Stop Offensive Foot Odors

If you want to get rid of foot odors for good and all, just rub your feet with Moone's Emerald Oil at bedtime.

Jail Climaxes Crusoe Life

For one whole year W. T. "Wild Bill" Belvin, an ex-minister, lived a Robinson Crusoe existence away from civilization in a wooded section of Florida. In an effort to prove that modern man could live like his primitive ancestors, he sustained life only on the food he could get by his bare hands. His clothing consisted only of fibre. The experiment was a success but it was climaxed by disaster when, tanned a beautiful coffee color, Belvin emerged from his "exile." He's shown at Fort Myers, Fla., with the sheriff, who is escorting him to a civilized cell—for having raided a protected rookery to gather pelican eggs.

Mrs. Earle Yahn Hostess To Club

Monday Nite Bridge Members Have Interesting Meeting Last Night

ELLWOOD CITY, Oct. 20—Mrs. Earle Yahn pleasantly entertained the members of the Monday Nite Bridge Club at her home on Spring avenue last night, with all members and one special guest, Mrs. Jack Wilt being present.

The home was cleverly decorated with beautiful fall flowers for the occasion. Bridge at two tables was the chief diversion of the evening with the awards at the conclusion going to Mrs. E. B. Baker first, Mrs. T. V. Barnes second, and Mrs. Jos. Moorhead third. Mrs. Wilt was presented the guest favor.

The hostess, later in the evening served some delicious refreshments as a closing feature of the evening.

The club will be the guests of Mrs. Harvey Aiken in two weeks at her home on Fourth street.

Harmony Woman Hurt In Accident

ZELIENOPLE, Oct. 20—Mrs. Elmer Z. Peffer of near Harmony is in the Columbia Hospital, Wilkinsburg with a broken leg and other injuries, as the result of an automobile accident while she and Mr. Peffer were driving to Pittsburgh recently. Mr. Peffer was driving the machine and it left the cement near the Pines, a short distance from Pittsburgh on the highway, and in an effort to get it back on the road, he struck a tree at the side of the road, throwing Mrs. Peffer from the machine and injuring her quite badly. He escaped with cuts and bruises, and after being treated was able to leave the hospital. Mrs. Peffer is suffering from a compound fracture of the leg, and many cuts and bruises. Mr. and Mrs. Peffer have a summer home a few miles from Harmony, and were on their way to Pittsburgh when the accident happened. He is a contractor, their winter home being in Wilkinsburg.

CEIBER CLUB

ELLWOOD CITY, Oct. 20.—An interesting event of yesterday took place at the home of Mrs. Richard Robinson on Franklin avenue when she entertained the members of the Ceiber club.

At 1 o'clock a delicious luncheon was served with covers arranged for eight.

The leisure hours were spent with social chat and kensington with the club award going to Mrs. Caleb Evans.

A feature of the afternoon was a surprise shower for Mrs. Alex Bunny whose 20th wedding anniversary occurred Monday. The club presented Mrs. Bunny with a lovely remembrance of the day.

Those attending were Mrs. Alex Bunny, Mrs. George Evans, Mrs. Caleb Evans, Mrs. Everson Skewis, Mrs. Tressa Tritt, Mrs. Stanley Evans, Mrs. Thomas Hughes and the hostess.

The club will meet again next Monday at the home of Mrs. George Evans of Park Gate.

Ellwood Hopes To Upset Aliquippa

Will Start Strenuous Program Today In Preparation For Hard Contest

ELLWOOD CITY, Oct. 19—A light workout was held for the Ellwood High gridders yesterday afternoon but which will be followed by three strenuous days, announced Coach Howard Gills in preparation for the invasion of Aliquippa on next Saturday.

The boys were given a few calisthenics and signal drill at practice session Monday afternoon. Three new players were given at the time which will be used against the Lippe men. Ellwood's one remaining cripple, Mike Paal is rapidly rounding into shape and is expected to be on the gridiron again next week. Charley Frisk and Dick Wilson will also be in condition to enter the lineup by the end of the week. Neither got into the game last Saturday. The former was ill all week and the latter was bothered with a charley horse.

It is possible that Kennedy, a substitute quarterback may hold his position because of his defensive qualities. Luxenburg, a third string recruit, has showed up remarkably under fire last Saturday and may also hold his position at full back. He is yet green but much is expected of him by the end of the week. His offensive work is commendable but the defense work is exceptionally weak, and especially against an aerial attack. Navolio, promoted with Luxenburg last week from third string fullback to varsity guard will have to watch his position if he intends to keep it. Young Carl Gorzcowski played brilliantly in his position when he was withdrawn from the affray after being hurt. Gorzcowski was like a hawk Saturday, pouncing upon all fumbles.

On paper, Ellwood and Aliquippa are evenly matched this year. Aliquippa has already lost to Washington High 56-6 and to New Brighton 12-0. They battled to a scoreless tie with Sharpsville, and won one game over Monaca 7-0 last Saturday. Ellwood has suffered three defeats, one tie, and has one victory. The locals hope to come out of their slump on next Saturday.

Inspiring Program Heard Last Night

ELLWOOD CITY, Pa., Oct. 20.—The service of last evening in the Union Evangelistic program in the North Sewickly church was one that will long be remembered for its inspiration and helpfulness from the beginning to the end.

The prayer meeting which preceded the song service was well attended, and many silent prayers were offered as well as audible ones, claiming God's exceeding precious promises, for His presence, power and blessing, and there was no disappointment.

The song service as well as the prayer meeting was led by Mr. Joseph Clarke, there was a large united choir, that rendered good service as they led the congregation in praise. Mrs. Fred Smith, at the piano.

We were glad to welcome the Rev. R. Bell back again to help in the services, he has been suffering from a cold, and inflamed throat, but has so far recovered as to be able to attend.

It was touching to hear him as he introduced his nephew the Rev. R. A. Bruner, pastor of the United Presbyterian church, Mountville, West Virginia. He stated that he had never had the pleasure of hearing him preach, although he had been preaching for four years, since coming out of college.

The young preacher very affectionately and lovingly told of the good influences that had been brought to bear upon his life, as he had many times listened to the ministry of his uncle.

The young and eloquent preacher dealt forcibly with the theme: Of no other name under which we must be saved, but by Jesus Christ.

Several come forward and accepted the Saviour, as Mr. and Mrs. D. Kurtz sang a duet, inviting all to the saviour, they had previously also sang a duet, their voices blending in sweetness.

Little Child Dies On Sunday Noon

ELLWOOD CITY, Oct. 20.—The little infant child, Raymond Lewis, of Mr. and Mrs. Wallace Pfeiler of Marquis Stop died on Sunday noon at the home of its parents after a brief illness.

The child is survived by two brothers and one sister. Funeral services will be held this afternoon from the home at 2 o'clock with Rev. Paul H. Elliott, pastor of the Slippery Rock Presbyterian church, officiating. Burial will take place in the church cemetery.

HOSPITAL NOTES

ELLWOOD CITY, Oct. 20. — Admitted Monday: Mrs. Paul Giancola of Lawrence avenue, Mrs. James McPhearson of Harmony, Pa.

Discharged: Mrs. Lewis Copits and baby of Holland avenue, Mrs. Frank Baney and baby of Beechwood boulevard.

PRAYER MEETING

ELLWOOD CITY, Oct. 20.—The mid-week prayer service of the Slippery Rock Presbyterian church will be held Wednesday at the home of Mr. and Mrs. Omar Newton on the New Castle road.

Sues for "Love Baby"

Ruth Noble (right), pretty vaudeville actress of Los Angeles, has filed suit against Sessue Hayakawa (center), famed Japanese film actor, to recover the custody of her son (left), who was adopted recently by the Japanese and his wife. Miss Noble, in a legal complaint, named Hayakawa as the father of her child, born in New York in January, 1929, under the name of "Alexander Hayes." The lad's mother says she signed a contract giving the child to the Hayakawas was in return for $4,500 and a promise of $150 monthly. Now she wants her boy back.

Mrs. Browning Taken By Death

ELLWOOD CITY, Oct. 20.—Mrs. Sara E. Browning, aged 87, passed away Monday morning at 9:30 after a prolonged illness of four years, at the home of her daughter, Dr. Anna McKinley of Fourth street.

The deceased is survived by two daughters, Dr. McKinley of this city and Mrs. Mary E. Smoot of Enid, Okla., one son, A. C. Browning of Greensburg, Mo., and 13 grand children.

Mrs. Browning has been living in this city for some time and has been a staunch member of the First Christian church. Her passing is being mourned by a large circle of bereaved relatives and friends.

Funeral services will be held on Wednesday afternoon at 2:30 from the First Christian church with the Rev. H. D. K. Huber, pastor officiating. Interment will be made in the Locust Grove cemetery.

MY NEW YORK

BY JAMES ASWELL

By Central Press

NEW YORK, Oct. 20—What few New Yorkers know:

That Bainbridge Colby, the lawyer and former secretary of state, is an ardent "dunker" who can't enjoy a roll until he has sunk it in his mocha—and the same is true of Albert, King of the Belgians.

That Voisin, the snooty Park avenue restaurant, has an employe for every two guests.

That in the collection of moneys of the world in the Chase National bank, there are Irish peat disks, woodpecker scalps, grass mats and Chinese hard cheese. England shouldn't worry. Sections of China have been on the cheese standard for generations.

That if your hearing is faulty you can have earphones installed at your theatre seats, your church pew or your concert location. A company does the trick, with four days notice, and furnishes a sterilized earpiece ready to be attached to a lorgnette handle. They will also give you names of churches which offer ear phones regularly in special pews.

That the Roerich museum is the only one in New York devoted to the work of a living artist. He is Russian and 56 years old.

That a New York milk concern offers "super milk" from "de luxe cows" for infants. The price is 40c a quart.

The Roxy Theatre mantains an operating room, with surgeon and nurse in attendance ready for emergency births, appendicitis, and so on.

That the red disk carried on all transfer car lines is to spread the news that there's ice skating that day in Central Park.

That Shakespeare also is a wow when presented in the foreign language theaters, but the bard has seldom been a big draw on Broadway.

That Fred Swaboda, of the Barclay hotel, is said to be the richest head waiter in the world.

That a young couple arrives at the Little Carnegie playhouse every Monday night, pays for tickets and plays ping-pong on the court in the lobby for two hours without going inside to see the show.

That Coney Island is most beautiful and worthy of a visit in midwinter, when the concessions are closed and the mob is absent.

That the gentleman in the costume of a Napoleonic officer who parades Broadway with a sign advertising the "Musee Napoleon" a tawdry exhibit of alleged "relics" is a descendant of Wellington (he says) and that the museum-sideshow was started in the belief that four men out of five secretly believe they resemble the Little Corporal, in looks or characters being possessed of what doctors call 'the Napoleonic complex."

That the founder of Chinatown was a cigar dealer, not a laundryman as you might guess: that his name was Ah Ken and he erected the first stand in Park Row.

That you are never more than 400 feet from a fire alarm box in New York; that a quenching brigade is on the way in 24 to 30 seconds after the alarm is sounded: that the famous "Fifth Alarm" or 9-9 signal which would summon apparatus from Brooklyn, has never been used, and that there were 2,006 false alarms last year out of a total of 10,153.

That there are 95 policewomen and 30 ladies who pound a beat in New York.

HERE FOR AFTERNOON

Mr. and Mrs. R. M. Bogdon of California, Pa., spent Monday afternoon visiting in Mahoningtown and seeing friends.

Observations In 7th Ward

As Friday and Saturday are food donation days for the Jameson Memorial hospital, residents of this part of the city are asked to bring gifts of canned or fresh fruit and vegetables to the Christian, Presbyterian and Methodist churches to be collected for the gathering. At each church an appointed solicitor will take charge of the food.

This has been an unusually quiet several months for the seventh ward fire department men. They haven't been called to a real fire for some time. The last big fire was on Montgomery avenue.

Hallowe'en parties are becoming quite frequent these evenings. Clowns and clownettes can be seen hurrying to parties almost any night. But to see them in the afternoon is a more unusual sight. Yet Monday afternoon a clown, a witch and a gypsy dancer were seen walking down South Liberty street.

BUSINESS CALLERS

A number of business callers from out-of-town places called in the seventh ward on Monday afternoon. These included Mike Boyd of Youngstown, Larry and R. M. Peters of Warren, O., and Mrs. Mary Parsons of McKees Rocks.

JOIN IN RALLY

The Queen Esthers of the Mahoning M. E. church will join in a tureen supper and rally at the Epworth church Thursday evening of this week.

Triangle Club Plans Program

Y. W. Club Program Committee Adopts Suggestion Made At Week-End Conference

At a meeting of the program committee of the Y. W. C. A. Blue Triangle club, Monday evening, it was decided that the plan of having a study of England as the program theme for the year, as suggested at the week-end conference, would be adopted.

The first program will take place at the Friday evening meeting of the organization and it is planned to have a speaker talk about the present English government, including something on the English treatment of unemployment.

This will be accompanied by the singing of English songs.

Later in the year the programs will include the presentation of an English play, study of modern English literature using book reviews, English music, etc.

Nearly 20 members and guests of the Blue Triangle club were present at Camp East Brook Saturday and Sunday for the setting-up conference. Miss Margarite White, general secretary of the Y. W. C. A. and Miss Marian Wallace, chairman of the business girls department, were special guests.

On Saturday the program was discussed and a number of suggestions were offered for this program and interest groups. Sunday afternoon the suggestions were listed and discussed.

COUNTY ADOPTS BUFFALO

DILLON, Mont., Oct. 20.—For the first time since Indian days, Beaverhead county is to have a buffalo. The animal has been adopted by Lieut. Gov. Frank A. Hazelbaker, who will keep the buffalo on his large ranch here.

Brighten Your Home For the Indoor Days With Color

Furniture costs lots of money, but it costs only a dollar or two to refinish all the worn, scarred and marred furniture in the house and make it like new again by use of Water Spar Enamel and Varnish.

Color in the bedrooms, too! Colors that give a cheery "good morning" and "good night". It's easy and inexpensive to refinish furniture, floors and woodwork with WaterSpar Enamel and Varnish.

"SOMETHING TELLS ME"

That the slaves of fashion never dress like slaves.

That the majority rules if it is the majority of money.

That about half the owners of violins believe that they have a rare old violin worth a fortune.

That some people hide their gold in their teeth.

That honesty is the best policy, but few people accept the policy whole-heartedly.

That honest people are hard to find, and they do not stay hidden either.

That a man with a large family is sure of a few humans whom he can trust.

That dizzy blondes should feel at home at the dizzy heights of success

That business ethics is a polite way of meaning to do the other fellow before he gets a chance to do you.

That when you cannot think of how to spell a word you are spellbound.

The British election will also demonstrate whether Lloyd George is going to share with Ramsey MacDonald the lonely distinction of being a party leader without a party. —The Worcester Evening Gazette.

NEW YORK STOCKS

Stocks Move Upward All Along The Line

By W. S. COUSINS
International News Service Financial Editor

NEW YORK, Oct. 20.—Stocks moved upward all along the line this morning on the general understanding that gold withdrawals from the United States and Foreign selling of American stocks had been completed. There was some disposition to look to Washington for the Commerce Commission's decision on railroad rates "later in the day," but informed quarters did not look for the decision until Saturday.

Auburn Auto's 7-point rise to 125½ was a feature of the specialties. American Tel and Tel pushed ahead about 3 points to 138½. United States Steel advanced 2 points to 71¼, and new gains of 1 to 2½ points were recorded for alleged chemical, American Can, Dupont and other favorites. The rails joined in, with a rise of 2½ points in Union Pacific; 1¾ in New York Central; 1¼ in New Haven and 2 in Atchison.

Transactions in the first half-hour totalled 400,000 shares, compared with 100,000 in the same period yesterday. In contrast to yesterday's dull session, the ticker ran two minutes behind the market in the first hour, after which the pace slowed down considerably. The Public Utility stocks were well taken at near the best prices of the move, with Consolidated Gas above 74.

Cotton continued its upward move with a gain of 50 cents a bale and further stiffening was seen in the local commodity markets. There was no change in call money, but a few of the large commercial banks announced a 1 per cent rise in the rate on "thrift" accounts. Stocks quieted down in narrow trading near the noon period.

Confident Tone In Stock Market

U. S. Steel Stages Fine Comeback And Assumes Place As Leader Of Bulls

LEADING STOCKS CLIMB UPWARD

By W. S. COUSINS
International News Service Financial Editor

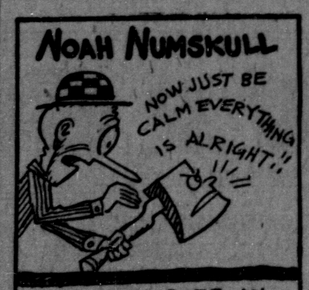
NEW YORK, Oct. 20.—A confident tone prevailed today in the stock, bond and cotton markets today. Call money eased off to 2 per cent in the outside market, and many of the well known railroad and industrial stocks forged ahead to the best price levels since October 5.

Wall Street derived the greatest satisfaction from the evidences of the drying up of foreign selling of American stocks, and the cessation of the gold drainage to France and other European countries. This foreign selling has hung like a cloud over our markets since early summer and prevented any sizable recovery in prices. While this selling has been in progress, frantic withdrawals of French credits in the shape of gold exports has been in progress.

Steel Stages Comeback.

United States steel staged a strong come back and assumed its old position as bull leader of the rally in the industrials. At 72 big steel showed a gain of 2½ points for the day and a 10 point recovery from the low of the month. Auburn Auto jumped 8 points and the best prices on the move were scored by General Motors, Nash, Electric Autolite, etc.

Reflecting the better feeling in agricultural circles, J. I. Case moved up 5 points to 52½. American Tel and Tel at 139½ showed a gain of nearly 4 points at 139½. Atchison, leading the rails, moved ahead 3 points to 119 and Consolidated Gas led the utilities with a 2½ point rise to 74 3-4. American and foreign power advanced 2 points to 6½ and United Corporation was well bought at 14½.



Flood—As Snapped by Lindy

Colonel Charles A. Lindbergh's ability as a flier appears to have been matched by his skill as an aerial photographer. This picture, made by the Flying Colonel, from his powerful Lockhead monoplane, shows the inundated city of Hinghwa, China, as it appeared after the turbulent waters of the Yangtze River overflowed its banks. The aerial "shot" of the flooded city was taken on one of the survey flights made by the Lindberghs before they suffered an accident with their plane. An excellent closeup of Colonel Lindbergh (right) shows the broad smile he exhibited following the presentation to him of the first aviation medal ever given by China. This honor was bestowed upon Lindy at Nanking for his flights over the stricken area.

Strength, Beauty, Genius in One

Like a magnificent challenge to the future generation to surpass its steel-bound beauty, the new George Washington Bridge, linking the States of New York and New Jersey, stretches gracefully against a leaden sky before this young American. Draped with two strands of electric lights, like pearls on a necklace, the great span stands as a monument to man's mechanical genius. The bridge cost $60,000,000 to construct and its span is twice the length of any existing bridge span in the world.

In Louisiana Political Mess

Alvin C. King (left), president pro tem of the Louisana Senate, is shown in New Orleans taking the oath of office as Lieutenant Governor in one of the bizarre scenes of the State's serio-comic political muddle. Richard H. Flower is administering the oath. This oath-taking followed the swearing in of Paul Cyr as Governor. Cyr, Lieutenant Governor, declared the Governorship to be vacant, since Huey P. Long, the incumbent, was elected U. S. Senator and he (Cyr) was next in line. Governor Long retaliated by stating Cyr had lost his office by his action. Subsequently, Governor Long announced King had become Lieutenant Governor. Go ahead—try and untangle it!

City Departments In Pittsburgh To Undergo Probing

All Bureaus Of City Government Will Submit To Auditing Of Books

CITY TREASURER IS DISCHARGED

(International News Service)

PITTSBURGH, Oct. 20—City controller James P. Kerr today announced he would extend the audit now being made of the accounts of former city treasurer Roy D. Schooley, discharged by Mayor Charles H. Kline, to all departments of the city government.

Kerr's decision came after a meeting with the citizens committee of the League of Women voters at which superintendent of police Peter P. Walsh was present.

Meanwhile, on the heels of Schooley's discharge by Mayor Kline, the finance committee of the board of Public Education, of which Schooley was also dismissed as treasurer, recommended that the city treasurer's bond be increased from $50,000 to $250,000.

Richard W. Thompson, a veteran clerk in the city treasurer's office, assumed his duties as city treasurer, on Mayor Kline's appointment.

BODY OF MAN IS FOUND IN BOX CAR

BUTLER, Pa., Oct. 20.—Jacob Urban, 60, of Natrona, was found dead today in a box car on the Pennsylvania railroad siding at the plant of the Standard Plate Glass Company. The identification was made by J. W. Carr, Pennsylvania agent here, who knew Urban in Natrona. Relatives in Natrona were notified by Mr. Carr and local officers investigated the death. It is uncertain when Urban entered the car, which had been on the siding for several days.

CHILD, SIX, RUN DOWN BY AUTO

EAST LIVERPOOL, O., Oct. 20.—Betty Coleman, 6, daughter of Mr. and Mrs. Everett Coleman, was killed when struck by an automobile driven by Leo Wilson. The accident occurred as the child, a first grade pupil in the Grant street school, started to cross the street after being dismissed for the noon luncheon. Her skull was fractured. Wilson was arrested, but released on his own recognizance pending an inquest tomorrow by Columbiana County Coroner Ernest R. Sturgis.

SHOW TRANSPARENT BODY

MILWAUKEE, Oct. 20.—A transparent model of the human body, said to be the only one of its kind in the world, will be a part of the medical exhibit at the Chicago World's Fair in 1933, Dr. Eben J. Carey of Marquette university, has revealed. Dr. Carey, who is in charge of the medical exhibit, found the model in Dresden, Germany.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Never let it be said that the postal service isn't helpful outfit. Hardly had yesterday's edition hit the street, or say the outskirts of the city when one of Uncle Sam's finest called up to offer a suggestion to our friend Oswald, whose name is something entirely different.

Oswald is the lad, who being down to his last dollar and a half, decided to go into the rubber band business, using rubber inner tubes, slicing them much as you would a ring of that oldstyle bologna. His trouble was to get an implement that would slice down a tube faster and easier.

The friend from the postoffice suggests that Oswald use the same method the government force does, get one of these film trimmers that photographers use. You know the implement, a big knife blade on a flat board. Slide the tube under the knife and down comes the blade to produce a nice rubber band.

The postoffice uses this method of obtaining rubber bands and they can reduce an inner tube to rubber bands in less time than you can imagine. The suggestion is passed on, free, with the hope that our friend can use it.

There must be magic in the autumn, at least insofar as the average dog is concerned. All summer long we babied a flock of evergreen along, giving them the attention you would a small child. Every evening a drink, and now and then some manicuring. The dogs didn't seem to give the greens a tumble.

Comes the autumn and with it the winelike qualities of the air and the motto out our way seems to be "now is the time for all good dogs to come to the aid of the pooches". Not a dog goes by but he has to duck in and take his turn at digging up some of those arbor vitaes or Mugho pines.

If it keeps up, by Thanksgiving they'll have the place full of holes. Either that or some of the dogs will be full of holes or something.

Funny about dogs. Not far away is a big field where all the dogs in the city could scratch and dig and run riot all day long and never violate a rule. Or they might go out to the municipal coal field and dig up some of that coal, but no that's not in the book, they have to pick out somebody's evergreen. Ah well.

Standing on the West Washington street bridge and looking up the Shenango River, you wonder how long it will be until that continual filling or shifting of earth will fill the bed. The river has been narrowed at the bend until it offers a possible source of danger in case of high waters. The state lads who established the channel lines in the creek probably saw the spot in question, but some day it should be improved or the Shenango will do a broad jump over the banks some spring morning.

AUXILIARY BAND WILL MEET TONIGHT

Members of the V. F. W. Auxiliary Kazoo band will meet for a rehearsal this evening at 8 o'clock in the home of Mrs. James Bell, 310 Elizabeth street. All members or those in the auxiliary interested in joining are asked to attend this meeting.

The band expects to take part in the big Armistice Day parade at Sharon and preparations will be made for this event at the meeting tonight.

Odd Jobs Drive Started By "Y"

"Hundred Odd Jobs Campaign" Planned To Help Alleviate Unemployment

One hundred odd jobs.

With an imposing list of names of people seeking odd jobs for the winter months, or for only a week or a day, the Y. M. C. A. today began an experiment campaign to bring 100 odd jobs to these unemployed.

The "Hundred Odd Jobs Campaign," will be conducted during the next few days. An effort will be made to close the drive in the shortest possible time.

R. L. Meermans, secretary of the "Y" and superintendent of the cooperative employment office maintained at the association building by the Bureau of Employment, State Department of Labor and Industry, is seeking prospective employers who will aid the "Hundred Odd Jobs Campaign, by giving a man or a woman a job.

Odd jobs about the house, yards, or cellar are wanted.

Anyone wishing to give a job should call the employment office. Telephone 215.

Action Without Harm Whenever Constipated

Here's a way to be rid of constipation and its ills—a way that works quickly, effectively, but gently.

A candy Cascaret at night—the next morning you're feeling fine. Breath is sweetened; tongue cleared; biliousness, headaches, dizziness, gas vanish. Repeat the treatment two or three nights to get the souring waste out of your system. See how appetite and energy return; how digestion improves.

The action of Cascarets is sure, complete, helpful to everyone. They are made from cascara, which doctors agree *actually strengthens bowel muscles*. All drug stores have the 10c boxes.

Engineers Hear Pymatunning Talk

State Engineer Cites Vital Statistics In Construction Of Great Dam

Vital statistics in the construction of the great Pymatuning dam were discussed by Ralph J. Ferris, chief engineer of the Pennsylvania Department of Waterways and Resources, in an address at the monthly meeting of the Engineers' Society of New Castle in the lecture room of the Pennsylvania Power Company last night.

The speaker was introduced by L. W. Strayer. Lee Allen, president of the society, presided. Forty members were in attendance.

Due to the present remodeling of the power company's building it was decided by the society to hold future meetings in the banquet room of the Y. M. C. A.

A "CHILD'S MUSEUM"

(International News Service)

BERLIN, Oct. 20.—A "Child's Museum," the first of its kind, will shortly be opened in Hamburg. It serves to illustrate all phases of physical development of children to the age of three years. The anatomical models have been prepared by Professor Friedrich Schmitt, head of the biological division of the Museum of Altona, during the last twenty-five years. Schmitt has adopted the Egyptian method of preservation, replacing oils and ointments by chemicals. Conservators from all corners of the world are expected to visit the unique system.

Reforestation of the Philippine Islands has been started.

TRAIN CRUSHES FOOT CAUGHT IN TRACK

ROCHESTER, Pa., Oct. 20.—While Leonard J. Hattinger, 34, Fifth street, Freedom, was crossing the Pennsylvania railroad tracks at the Case street grade crossing, East Rochester, his right foot was caught between a plank and rail. A passenger train was approaching and Hattinger leaned away from the track, but his foot was crushed and amputation followed at Rochester hospital.
